FROM THE DIOCESAN HUMAN RESOURCE MANAGER

*The Rt. Rev. Jered KALIMBA
Bishop of Anglican Church of Rwanda,
Shyogwe Diocese*

May it please your Honor:

It is my privilege to submit the Annual Report of the different diocesan services officers for the year 2016. This provides in part a portrait of the efforts, achievements and love that the heads of Services bring to our Church.

Diocesan Services want to continue their role to support parishes and communities in their activities to ensure their vitality. They want to help the Church in its mission to bring the Good News through each of its members.

Yet, this report does not tell all about the work done. It is always possible to communicate with the heads of Services for more information or to ask questions if need is.

To end, I am thankful to God for his protection and to everyone who contributed, directly or indirectly to the realization of the activities related to in this report.

Respectfully submitted,

Rev. Joseph SEHORANA
Diocesan Human &
Material Resource Manager
December 30, 2016

I. HUMAN, LAND & MATERIAL RESOURCES MANAGEMENT UNIT

HUMAN RESOURCE MANAGEMENT

Sustainable development is now the foremost concern of our Diocese. However, if we want development in the concept of continuity and sustainability, we cannot conceive our action without considering the most strategic resources: Human and Material Resources.

Indeed, the development of Human and Material resources is of paramount importance in the sustainability and economic development of our Diocese. Hence, the establishment of Human and Material Resources Department (since September 2014) was an essential step in the process of resilience and transformation required for our Diocese in the concept of sustainable and integral development.

As the Diocese continues to integrate continuous improvement into mission planning, human resources plays a crucial role in ensuring that we have a high-performing and engaged workforce equipped to deliver better results. It helps the Diocese to achieve its strategic mission, while ensuring employees are engaged and motivated to help the diocese succeed.

STAFF MOVEMENT (January-December 2016)

Employees who left us

7.	Solange MUKAMUSONI	Secretary	Head Office	01/07/2016

CHALLENGES

1. Personal Challenges

- Limited financial means;
- Several responsibilities: human & material resources management, diocesan web management, diocesan legal advisor, Member of the Management Team; Member of different commissions (AIP, Halleluiah, Hanika TSS, Youth, etc.); Pastor (helping in RUGOBAGOBA Parish); to welcome and guide the guests; some administrative tasks (nowadays after the departure of Mrs. Eugenie).

2. General challenges for all diocesan employees

- Limited financial means: insufficient equipment, inadequate pay, etc.
- Instability of the staff ;
- Etc.

MATERIAL RESOURCES AND LAND MANAGEMENT

The overall objective of Material Resources and Land Management Unit is to ensure that resources are used and managed productively in support of equitable and sustained development and poverty reduction.

Indeed, Shyogwe Diocese has important resources: land, forests, houses, and other movable properties. Our intent is to well manage these resources in order to make them productive and more profitable by the Diocese. We are convinced that, if all resources we have were well exploited, the Diocese could sustain itself.

DEPARTMENT OF DEVELOPMENT

GENERAL INTRODUCTION

This report from Development Department and CCMP= Church and Community Mobilization Process, encompasses the work of the following working sections: UTSI= Unite de Transformation Semie-Industrielle, Mbayaya Pilot Farm and Training Centre, Low Price Limited, Saving and Credit program, Rural Development Programme and the actual work of Development Officer. In addition to these major responsibilities, we do help in correspondence with David Dale Shyogwe Trust and Christian Hope International, and in the Diocesan Management Team.

Program Description

The Department of Development in the Diocese of Shyogwe originates in the long Anglican tradition and strategy of preaching the Gospel in Holistic way. It is the conviction of the Church that the preaching of the Word should be accompanied by the demonstration of the reality of the Good News through good work especially done to the poor and needy. (Isaiah 61:1-4, Luke 4. 16-19, Matthew 26:31-39, 2 Kings 4:1-7.

Since the creation of the Diocese of Shyogwe in 1992, this department has been instrumental in preaching the Gospel through practical work aiming at helping the communities to solve their problems related to food security, water supply, land management, environmental protection and economic growth, health and sanitation, peace and human rights. The Department is also responsible to help the Diocese in making projects for institutional development.

Historical Background

Vision:

Bringing the Kingdom of God in the Operating area of Shyogwe Diocese

Mission Statement:

Helping the members of Shyogwe Diocese to release themselves from the power of sin, ignorance and poverty in Jesus' name.

Overall Purpose

Equipping the members of Shyogwe Diocese with intellectual, spiritual and economic skills enabling them to analyze and solve their existential problems and consequently they are able to build up their Church.

Current Status

Currently the work we do focuses on CCMP whereby we target 50 Chapels in 15 Parishes in which we want to work with 20 families in every chapel. This year 2016, the focus was put

on Ndiza Archdeaconry. We do coordinate all other Diocesan services involved in social and economic development except those under the Women Department. We do also help in Diocesan administration through correspondence and meetings with our partners. In Saving and Credit Program we have now functioning groups being taught how to initiate small income generating projects so that they can use their savings and loans for investment. Mbayaya Pilot Farm and Training center continues its activities in animal rearing and agriculture focusing now on rice growing, pineapple and fruit trees. The most challenging issue all these programs are facing is the lack of sustainability. They all depend on outside donations and people in the parishes confuse the programs with the staff who coordinate them. Using our local available resources such as church land is still problematic in many parishes. However we are thankful that in collaboration with Bread for the World we have fund to upgrade quality and safety at MYTEC. There is a promise to work with Embrace Rwanda in order to upgrade the work being done by UTSI in order to increase its productive capacity. Hallelujah Training Center has been given a new manager and we see that its work is getting settled

Role in the Church and at National level

This program seeks to empower the Church and community members to improve the life quality of most vulnerable families through Bible study, Capacity Building, savings and credit, livelihoods, health, water and sanitation, environment protection and modern Agriculture. Bible studies, helping Christian to meet together and discuss their problems at grass-root level help the Church members to grow spiritual and to overcome conflicts and sins. When they income increases and the give offertory and tithes, the Church becomes stronger and she is able to fulfill her mission.

In this way we contribute to the economic and health development of the people of Rwanda, what leads to the increase of national food production and economic growth. When the citizens are well fed and have access to medical care, then they are capable of developing their nation. In this way the church contributes also to stability of the country.

Beneficiaries

The beneficiaries of these programs include the following:

- 15 parishes in which CCMP is being implemented. These are Mpemba, Cyeru, Mutara, Cyimana, Ngaru, Nyabinoni, Rubona, Mbayaya, Shaki, Murehe,.
- Parish of Shaki which is being helped to build up a Poste de Santé.
- The work we do with David Dale Shyogwe Trust and Diocesan friends from Ireland is benefited by various parishes, schools and individuals throughout the Diocese. Here we can mention, Mbayaya Pilot Farm and Training Centre, Zion Nursery and Primary School, Kavumu and Mukoni Chapels in Hanika, Rugendabari Vocational School, Shaki Dispensary, Canon Trapnel Bible and Development School, Munazi chapel in Gitarama parish. There are also six students who get scholarship through this program.

- Shyogwe and Gikomero Health Center which are supported by Christian Hope International
- The saving and credit groups and families who have access to improve the quality of their lives.
- MYTEC students

Partners

The partners who contribute towards this program are; the Province of the Anglican Church of Rwanda with the support of Samaritan's Purse UK. Christian Hope International, David Dale Shyogwe Trust, Rural Development Inter-Diocesan Service (RDIS). Other Diocesan Departments such as, Mother's Union, Saving and Credit program, UTSI (Unite de Transformation Semi Industrielle). And our beneficiaries based in different parishes.

Organization and Implementation Policy

The organization:

The coordinator of the program works with the parish pastors, catechists, community facilitators, and other head of services working under him; these include UTSI, Low Price LTD, Mbayaya Pilot Farm and Training Centre, Rural Development Program. He reports to the Diocesan Human Resource Manager and to the partners who need periodical reports. Rev. Amos NSENGIYUMVA has been appointed to assist in this department and his main responsibility is to do the CCMP coordination in the Diocese and he can help in project identification and making proposal.

Implementation Policy:

The key value of the policies in these programs is that it should be locally owned. This is the reason why it seeks to empower the local church for need assessment and solution proposal. The staff in the departments and services is supposed to empower the pastors who are also required to empower catechists and community facilitators. Normally catechists and community facilitators are the ones to guide the rest of the community: people in their families, cooperatives, saving groups, choirs to work together in order to solve their felt problems for holistic transformation, leading to "a Holy Soul in a Healthy Body." This policy is not yet fully understood, we have to continue to build it up.

Acquired Experience from the previous implementation

It is very unfortunate that this program depend totally on outside donation, especially the salary of the personnel. This means that when finances from donors will stop the programs may die out. Despite many years of existence, the department of development has not been able to set up any income generating project which can help to raise proper funds. On the other hand, all the services we deliver are free of charge; no one from our beneficiaries gives a contribution towards the expenses of the department! This is a result of the spirit of dependency found in many Rwandan churches. Different believers in our parishes have not

yet understood their role in financing their program of the church. This started from the missionary time. Missionaries came with financial support from their home countries and they even funded some projects and individuals. This was very good at that initial time of mission in Rwanda. Sadly even after the nationalization of the Church, parishioners have never been able to fully support the Church financially. This is due two main reasons: first there is a lack of clear teaching on tithing and offertory in the church, secondary there is abject poverty in many families of our church members, human selfishness, and lack of accountability in church management.

Many of the projects we do are not locally initiated and do not have a clear business plans showing how the projects are viable. Some parishioners and even catechists and pastors think that the Diocese has other reliable sources of finances and do expect the Diocesan administration to fund their projects. We have poor reporting system and a cumbersome bureaucracy.

Program Sustainability

This is the biggest challenge of this program. There is no clear strategy of sustainability set forth. We still totally depend on outside donation. We do not have a real picture of the existing assets we have and how we can exploit them maximally. We have land, forests, people, buildings which are not efficiently used to generate income. Actually some of our land plats do not have registration certificate from the National Office for Land Registration.

Program Activities

Summary of the Planned Activities.

N°	Goals	Activities	Who	When	Where	Cost/Means	Observation/ assumption
01	Diocesan staff heads of department well-equipped for Project planning and fundraising.	Training 20 diocesan staff on Project Planning and management	Jean Pierre and Kabayiza	March-June	Muhanga at the head office of the Diocese	200,000	At least 20 Diocesan senior staff will have basic knowledge on Project planning and management.
02	MYTEC Financial, administrative and technical capacity increased	-Following up the proposal submitted to EED -renewing the buildings and setting up a showroom	Roland, Felicien, Jean Pierre and Bishop Jered	January-August	Muhanga	1,050,000	EED accepts the proposal and does provide requested funds
03	Mbayaya Pilot Farm partly rehabilitated and operational	-Following up the concept note submitted to EED -Making the project proposal for fundraising	Jean Pierre, Edward, Isaie, Bishop Jered	January-March	Office at Shyogwe	5,300,000	See detailed information about Mbayaya Pilot and Training

		-Using funds provided by CMSI					Center for more information.
04	30 Diocesan leaders well trained in active listening	-Doing the follow up for the project proposal submitted to Ann Peterken for funding Project Proposal of Listening Training with Acorn Healing Foundation	Jean Pierre Methode	February	Office at Shyogwe	18000	Having a feedback from Ann Peterken
05	The administrative files of Anglican Integrated Polytechnics prepared and submitted to WDA	Finalizing the process to get WDA permission to open the school.	Jean Pierre, Viateur, Kabayiza, Édouard	January - February	Office at Muhanga and at Hanika	300,000	
06	<i>Small Pottery factory for Ceramic Water Filters.</i>	<i>-Building the furnace and the factory working room, -Starting the production of Water filters</i>	<i>Jean Pierre, Ntarindwa, Sarah</i>	<i>January - December</i>	<i>Cyeza Sector</i>	<i>30,000,000</i>	
07	Searching for new partners	Sharing the Diocesan information on our website	Jean Pierre and Sehorana	April-October		120,000	
08	Increased capacity of our institutions by doing new projects	-For St. Peter College -For Mbayaya Pilot Farm -Health posts, Shaki, Mbayaya	Jean Pierre Amos, Edward Viateur,	June-July	Office	450,000

20	20 Diocesan Heads of departments and archdeacons have basic knowledge to do project proposals	Training Diocesan Head of Departments in project proposal Doing one proposal with each Department and secondary school	Jean Pierre, Prosper, Sehorana, Head teachers	April-November	Offices and archdeaconries	300,000	
21	2016 annual Reports and 2017 Action Plans	Elaborating the annual report for 2016 and preparing the plan for 2017	Jean Pierre and Amos	December	Office	60,000	
	Salary and communication					4,200,000	
	TOTAL BUDGET					68,478,000	

1.2.2. Carried out Activities

N°	Activities	S/activities	when	where	Observation
01	Monitoring CCMP Activities	Visiting 15 Parishes Helping the parishes in roofing four houses for vulnerable families (Gitarama, Gahombo, Gikomero)	Ongoing activities from January to December	In 15 Parishes mentioned above	The four houses were roofed. And 15 new parishes were selected to embark on CCM Program One of the greatest challenges we meet is that people have been totally corrupt by the dependency spirit.
02	Correspondence with friends in UK through David	Monitoring the financed project including Shaki Poste	Ongoing activities from	Shaki, Gitarama, Hanika,	The work of Shaki Poste de Santé is going very slow. And this have caused serious concern towards our donors. There is plan

	Dale Shyogwe Trusts	de Santé, Kavumu Church building in Hanika, Mukoni church building in Hanika, Zion Nursery and Primary school,	January to December	Mbayaya	that Steven Lawrence will visit the Diocese in February 2017 to see the progress. There is a urgent need to work on solar energy and maternity equipment.
03	Project proposals	<p>1. we have made a proposal to help Gisanga Parish so that Christian Hope International promised to give a support</p> <p>2. Review of Hanika Anglican Integrated Polytechnics,</p> <p>3. Mbayaya Improved agriculture and livestock</p> <p>4. 07	Mbayaya Pilot Farm and Training Centre	<ul style="list-style-type: none"> -Keeping the farm -Caring for the animals and crops -Concept note submitted to EED as a way of trying to mobilize funds for the Farm. The answer was negative 	Ongoing activities	Mbayaya Farm	This year the emphasis was put on tree planting. These are 2160 avocado seedlings, 5000 agro forestry trees. There have been the cultivation of grass for animal feeding on 1 hectare, and of course the work in farm of routine management is going on well with the help of the new farm Manager Ir. Leonard Nsabimana. The budget used for tree planting is 525,700 Rwf
08	Unité de Transformation Semi Industrielle des fruits	Transformation des fruits (Pineapple, papaya, Passion fruits), sell of the manufactured products (Juice and Jam). Ongoing activities of producing and selling juices and jams	January-December	Muhanga, Binunga Village Macyera Cell Cyeza Sector.	UTSI has given a report showing that it has a balance of 1,008,000 on December 31 2015. During the year of 2016, it has made the total income of 10, 323, 765Rwf and the total cash expenditure were 11, 190,441. This means that there is a negative balance of 866,676 Rwf. The way the Unit survived is that there was a positive sold of 1,008,000Rwf left at the end of the year 2015. On the other hand, the UTSI does not have an actualized certificate of standards, what is a great challenge. There are two possibilities that the Diocese is exploring including the way to look for a loan in a bank and to make a project proposal to be submitted to Embrace Rwanda International Society.

10	LOW PRICE LTD	Low Price LTD is a business enterprise which does sell foodstuff and school materials. Low Price activities were mainly focusing of feeding students in our secondary schools. It has attempted to make maize flour from Mbayaya but the project is still experimental.	January-December	Mainly in Ruhango, Nyanza and Muhanga Districts	This year 2016 Law Price has gone through difficult times due to its lack of liquid cash to invest in its activities. It is really worrying to me that there is always money shown in figures but not physically available since it is in debts that others have for Law Price! We then wander if there will be time when that money will be available. There are also some debts which are always mentioned in the report while there is no hope that it will be paid. For example the debts that Mr.Viateur MAYIRA has for the books he has taken. The debts contracted by Hanika TSS which are beyond 35,000,000 Rwf have put Law Price in jeopardy.
----	---------------	---	------------------	---	---

11	Saving and Credit Program	This Program taught the communities the utility of saving and the use credits for self-development.	January-December	Throughout the whole Diocese in 33 parishes	This program is expanded in the 33 parishes that compose the entire Diocese. In Saving and Credit Association Program based on Church. We have 457 SCA groups that are composed of 4526 members of whom 2415 are female and 2111 are male. These people get to save in two ways: ROSCA (Rotating Saving and Credit Association) and ASCA (Accumulative Saving and Credit Association). The savings we have so far throughout the whole Diocese are worth (115 345 950Rwf) .
12	Rural and Community Development Program (RDIS)	<p>Women empowerment: Single Mothers projects</p> <p>37 people have been equipped with entrepreneurship and job creation skills, income generating projects start up knowledge and management skills, by Mach 2016 and 12 among others are making bags with banana leaves from March 2016.</p> <p>Then, 39 women were trained in the area of family planning, biblical based behavior, HIV/AIDs and other sexual diseases by April 2016.</p> <p>Today 22 better selected projects are operating, and 33 out of 40 beneficiaries from Kivumu Cell, have received funds to run their small projects; from</p>	January-December	<p>Kivume Cell, Musambira Sector, Kamonyi District.</p> <p>Mubuga Cell, Shyogwe Sector, Muhanga District</p> <p>Biringaga Cell Cyeza Sector, Muhanga District.</p>	<p>Twelve (12) under high risks girls and single mothers from June till December 2016, came up with making banana leaves cards or cards made with pieces of clothes; and sub-plates. They have also Made slippers, small bags, sub-glass, and balls for children, all made in banana leaves and other local materials.</p>   <p>37 among others have followed the planned session and they have discovered and knew many things about child rights. This was held at Kivumu Cell by October, 2016.</p> <p>All 23 families in Rukaza, Musumba, Kivumu and Musambira have received one pig/or goat to keep at home. Hence,</p>

August 2016.

Small animal project in Rukaza, Musumba, Kivumu, Musambira.

Carbon Emission Reduction for Sustainable environment(CCER)

21 pigs and 2 goats have been supplied and accordingly to the contract, after giving birth, each domestic animal holder will give back a return to RDIS office, in order that other new people benefit from project.

Twenty four (24) pieces of Canarumwe Stoves were distributed and installed by one installer, in Mushishiro and Cyeza Sectors, by July 2106, by September 2016.

Thus, this was done due to the requirements of donors to test and ensure whether beneficiaries were happy /unhappy towards Rural wood stove, because they usually use Canarumwe Stove which was criticized as none efficient. However, the survey that RDIS has carried out related to the above stove adoption, assumed that this activity was fully realized. Finally, findings have shown that more than 90% of beneficiaries have appreciated it (RWS).

					The total budget used by Rural Development service is equal to 7,719,933 Rwf
13	Hallelujah Training Centre	This is the Diocesan Center for Capacity building to various people either from within or outside the Diocese. It is meant to be an income generating activity. The Center is registered in RDB and does pay taxes calculated on annual average.		It is located in Binunga Village, Macyera Cell, Cyeza Sector, Muhanga District	The Center still have a loan of 32,000,000Rwf to the Bank of Kigali. This loan is paid monthly with interests. This year the total income of the Center was 60,407,716Rwf. The total expenditure is 44,341,989Rwf and the annual benefit is 16,004,349Rwf. This benefit is mainly used to pay the Bank loan to BK
14	Seminars, Trainings and very important meeting attended	<p>-Training on the role of the church in reconciliation process, Karongi, organized by UEM</p> <p>-PROCMURA General Assembly</p> <p>- Organizing the 8th General Assembly of UEM</p> <p>-Seminar on Trauma Healing and Deliverance</p>	<p>June</p> <p>June</p> <p>September-October</p> <p>October</p>	<p>Karongi, Bethany Guest House</p> <p>Nairobi</p> <p>Kigali and Bugesera</p> <p>Goma</p>	These seminars, meetings and trainings have helped me to meet with people from Diocesan partners to share experiences and knowledge in order to enhance our competencies.

Innovations

The starting of Ceramic Water Filters is a unique idea in the whole of Muhanga District. The production of these filters in the beginning of 2017 is something special and innovative to the community. We have planted avocado trees in Gahombo and Gitarama parishes. This can serve as a role model for other parishes. It is better to try to do things which we can instead of waiting for outsiders to do our job. Planting a tree does not need any special means. It is a matter of good will and determination.

1.2.4. Self-Assessment

It is always necessary to do self-assessment, but we are not satisfied with our results. It seems that we are involved in many things and it is not easy to objectively evaluate our results. And as we have mentioned above we are totally dependent upon outside donations.

Encountered Challenges & Proposed Solutions

Challenges;

- We do work under pressure because we have to follow the guidelines set by the donors.
- Limited staff in this office and we cannot do all required activities.
- Unmet expectations from other departments which do believe that we should help them in making project proposals and fundraising.
- The renewal of UTSI Certificate of standard from Rwanda Standard Bureau
- The issue of paying the money misused by RW-712 Shyogwe Supported by Compassion International has put some of our projects in jeopardy.
- Communities in the operating area of Shyogwe Diocese have been affected by drought and cassava pest which destroyed crops especially cassava. This has left many families without enough food and of course with many financial difficulties.
- Sometimes financial office does implement projects without knowing the guiding policies of the donors and when we are asked to report it becomes very difficult. Our desire is that the financial department is also given the responsibility of financial reporting for the diocesan projects we do.

Proposed Solutions;

- For some challenges we do not have any solution by now. For example the dependence on outside donations.
- For the needs from other departments, we do suggest to organize ongoing trainings on need assessment and project planning and management, so that other staff members are well equip and can do project proposals on their own. Unfortunately this year we did not manage to make any training as we have done in 2015.
- It is good to start limited number of projects which we can monitor, finance and evaluate the results.
- Keep encouraging people to plant trees and to care for their environment what help in mitigating global warming and climate hazards.

Planned Activities and Envisioned General Policy

Planned Activities

Please consider the Action Plan for 2017.

Envisioned Policy

The general policy is to come very closer to every pastor and to show them that the holistic development of Christian families is the only way to develop the church and to improve the living conditions of the pastors. Normally any institution which is to be sustained should finance its activities in order to meet its needs according to the context in which is located. The simple analysis of the living conditions of our parishioners and pastors prove that there is a lot of work to be done. It is in this regards that we should convince pastors and parishioners to sit down, analyze their living conditions both, spiritual, social, economic and then set up practical strategies to solve their existential problems.

Expected Challenges and Mitigation Measures

Expected Challenges

- It is always easy for people to say there is no money; we need “Umuterankunga.” Financial means will be limited and our people still believe in outside aids.
- Limited time due to our involvement in a lot of other diocesan activities and the leadership of Gitarama Parish which I enjoy very much. This year 2016, we spent much time in helping to handle the case of Shyogwe Project RW-721 which has misused the funds given by Compassion International.

Mitigation Measures

- Thorough teaching on biblical principles of love, repentance, hardworking and care for one another. Encouraging all Diocesan members and stakeholders just to start with small initiatives aiming to generate income and to spread the Good News of Jesus our Lord and Savior.

YOUTH DEPARTMENT

I. Introduction

I am so grateful for God's love, He is the foundation of wisdom and knowledge and I cannot forget that our daily life and future situation depends upon His will. Without his guidance we can't do anything.

I want to humbly register my sincere thanks to my Lord Bishop the Right Rev. Dr. KALIMBA Jared Bishop of Shyogwe Diocese, all Diocesan staff members and pastors for their professional guidance, constructive ideas and encouragement given to the youth department. Your support is of enormous value.

In this report youth activities that have been carried out in the year 2016 are highlighted.

It shows general introduction, describes program activities and how they were carried out, and indicates challenges and suggestions for improvement.

1.1. Program Description

1.1.1. Historical Background of Youth department

Youth activities have been of enormous value since the diocese's beginning in 1992. The youth department started on 1st, 2006 in response to the needs which were witnessed within the local communities.

The department targets individuals between the age of fourteen and thirty-five years old classified from here on out as "young people." Many of the current church members within our diocese are young people and yet there are very few projects or initiatives that target their social and economic desires.

As a result the diocese decided to begin to actively engage in supporting them recognizing that the majority of these young people are the current and future generation that will participate in the church in various ways as servants of God. With the identification of this crucial element it has become vital for the department to invest in this group of people.

The main issues that have been indicated among the youth of Shyogwe Diocese are problems concerning poverty, unemployment, juvenile delinquency, prostitution, gang crime, drug abuse and alcoholism. The department's aim is to help young people overcome these challenges by developing a variety of programs that will cater to their needs.

It is our hope to see the youth of Shyogwe Diocese and Rwanda as well being transformed both spiritually and physically, stand firm in their faith and also being well empowered hence, to make a positive contribution to the church and their community through their positive performance.

1.1.2. Vision

The vision of the youth department is to bring God's kingdom to the young people of the Shyogwe Diocese with justice, love and life in all its fullness.

1.1.3. Mission

To transform the lives of the youth in Jesus' name and enable them to live fulfill lives by meeting the needs of their body, soul and minds.

1.1.4. Overall purpose

To facilitate the improvement of the living conditions of the youths starting with their home cell group and to promote youth initiatives aiming at bring a holistic transformation.

1.1.5. Current Status

Based on the remarkable achievements and ongoing activities together with the Diocesan's plan, there is much hope for future progress which will lead to sustainability in this department.

1.1.6. Role of the church and national development

Through this department, the church is playing a big role in developing young people in a holistic way by targeting physical, emotional, spiritual and economical needs. Changing youth lives goes beyond changing external circumstances. The hope and inner transformation that comes from knowing Jesus provides the foundations for the most profound human development to occur.

1.1.7. Beneficiaries

The youth in the diocesan operational area are our beneficiaries. This means the Christians both married and unmarried between 14 and 35 years old.

1.1.8. Core values

The core values are following: Integrity, Excellence in service and Dignity.

1.1.9. Partners

Some of our major partners include Shyogwe Diocese departments and institutions, UEM, PEAR, CPR and Muhanga District.

1.1.10. Organization and implementation policy

In order to achieve our goals we have different committees from diocesan level to chapel level. Each committee has a chairperson v/chairperson, secretary and advisers.

We do have mentors in all archdeaconries; these are the pastors who are committed to working hand in hand with the youth in their respective archdeaconries.

1.1.11. Acquired experience from the previous implementation

So far I have acquired much experience from the former leaders and their previous implementation.

For example, much has been learned from Nyarugenge archdeaconry where the youth are the most active group in the parishes simply because of good leadership.

1.1.12. Program sustainability

Sustainability of this department has been challenging because of the limited resources to help accomplish the many and different goals.

1.2. Program Activities

1.2.1. Summary of the planned activities

The following are some of the planned activities:

Organizing prayers, fellowship and Conventions in archdeaconries.

Organizing football much at Diocesan level

Visiting parishes and archdeaconry in such way that we will interact with the youths from their places of residence.

Registration of the youth in order to identify their needs and socio-economic living conditions with an aim of helping them to come up with new initiatives.

Endorsing saving and credit co-operatives and farming co-operatives in order to help improve youth welfare.

Encouraging youth groups, choirs and sports teams to improve community cohesion and team work.

Promoting youth undertakings towards their sustainable development.

1.1.2. Activities carried out.

In this year a number of activities were carried out and the following are some remarkable achievements:

Our church works in an area where a majority of people are in youth age while some of them are not seen in churches. As the Gospel has the power of salvation and renewal, sport is a good method to meet the youth.

In this way Youth Department in Shyogwe Diocese has organized a Youth Football competition based on evangelism approach entitled TUBASHAKE (GO teams: Gospel Outreach teams).

With such kind of evangelism, the youth attracted by the football are evangelised and more youth attendance in church Sunday services are remarked.

The Gahogo and Vunga teams met on the finals where Kirombuzi and Shaki teams competed for the third place at Shyogwe playground at the 10th December 2016.

Gospel Outreach Teams finals football matches in Shyogwe Diocese.

Youth convention was attended full time by almost 350 members plus other people from the different parishes and 160 both youth and old people from surrounding parishes who use to attend and evening they go back to their home . Among whom 18 received Christ for the first time, while 241 backsliders got committed to follow again Christ.

Bishop Dr. Jered KALIMBA, Opening the Convention (left) and the youth who accepted Jesus at (right)

Shyogwe tree planting at Shyogwe Hill was significant youth success work in this year where together with the Rt. Rev. Dr. Jered Kalimba , Bishop of EAR Shyogwe Diocese youth we planted 500 avocados trees .

The church has responsibility to help the needy people and suffering ones as it evangelizes. There is a number of poor people needing the support from the church to survive the hard live they are living. In this activity and from the Shyogwe Diocese support, youth Department supported five young people of the vulnerable families who are signifying their determinations to the welfare of their families by providing a goat for each of them.

Young people happily with their families' receiving the goats

As the world changes with unprecedented speed, young people are proving to be invaluable partners who can advance meaningful solutions. Youth movements and student groups are challenging traditional power structures and advocating a new social contract between States and societies. Young leaders have contributed fresh ideas, taken proactive measures, and

mobilized through social media as never before. I applaud the millions of young people who are protesting for rights and participation, addressing staggering levels of youth unemployment, raising their voices against injustice, and advocating global action for people and the planet."

That is why we erected strong committees from different parishes how can respond to such problems.

New erected committees after a meeting

As a church that is energized by lively engagement in our faith and life, we offer a variety of opportunities for youth to grow in and explore their faith. One of the most powerful events, offered every third term, is the youth gathering, worship and learns how to lead lives of discipleship.

Gahogo Parish has organized an Evangelical youth choir towards strengthening English service. Hence this brings incredible change in the church, and people who attend this service are increasing.

In addition, we encouraged the choir of sons and daughter of church ministers to keep ministering to young people.

Youth choir at Gahogo Parish Choir of sons and daughter of Pastors

We are proud that youth at all Archdeaconries are striving to develop themselves through saving and credit co-operatives.

In this year youth at Hanika Parish played an important role, whereby the church has been struggling for some years to build a House for poor women at Gasoro chapel because the old one was demolished. Youth at Gahogo parish did the same at Kagitarama cell group.

House for poor women at Hanika Parish

Youth of Gahogo parish

Our God has already given us everything pertaining to life and godliness, including the principles and models of ministry in the Scriptures. Hence, based on that youth fellowships were organized and this helped youth to share experiences and plan together for their future.

As we promoted saving and credit co-operatives we are proud that youth at Ndiza , Hanika Nyarugenge and Shyogwe Archdeaconries are striving to develop themselves through this program. Also that youth at Nyarugenge Archdeaconry have managed to save 150.000frw in this term and at Nyamagana, 130.000frw.

Shyogwe Archdeaconry managed to organize the youth choirs competition which was very helpful for young people to meet together and share many experiences.

In this year we encouraged youth to church ceremony at all levels, cell groups for their spiritual growth.

In this quarter educated youth have courage to meet and plan together for their future.

Murehe parish has organized an Evangelical youth conference of young people from Ndiza. Hence this brings incredible change in the church because of people who got saved. It was attended by 103 peoples, among them 21 accepted Jesus Christ as their personal Lord and Savior for the first time, the 25 backslidings were strengthened and decided to come back to Jesus Christ.

Youth conference at Murehe parish Ndiza archdeaconry

In this year , we encouraged youth to attend bible study at their cell groups for their spiritual growth. To strive for self-reliance and sustainability in the future, to join saving and credit associations, to encourage youth association in order to promote the generation of their own income, to establish anti-HIV/AIDS clubs to encourage youth to get tested, to help the youth to know how to take care of the environment and to organize sports and other entertainment. In this term the mentors (Pastors in charge of youth in archdeaconries) and youth committees played a big role to endorse saving and credits co-operatives and farming co-operatives in order to help them improve their welfare.

In Hanika Parish, the church has been struggling for same years to build a sanctuary because the old one was demolished. Due to the hard work of youth who used their money, time and power everybody there now is happy with the progress of a new building.

Construction of church building at Hanika Parish

1.2.3. Innovation

The mentors are playing a substantial role in conveying youth in different activities and being their voice in the priest's family.

1.2.3. Innovation

The mentors are playing a substantial role in conveying youth in different activities and being their voice in the priest's family.

1.2.2. Self -Assessment

Though it may seem that we have achieved a lot, we still have a long way to go towards achieving our goals.

1.2.5. Encountered challenge and proposed solutions

Our biggest challenge is the limited resources to help us accomplish our goals. This includes not only limited finances, but also skills and time.

We are also lacking enough programs and projects, thus we call upon all of you parents, leaders, and anybody with an idea, to come together with us to draw up a youth program that can be sustainable and suitable.

Teaching our members to work hard for their self-reliance, increased or moved up amount we raise from our members.

I would like to call upon everyone who has a godly heart to use their given talents and experiences to build up youth department for today and tomorrow's generation.

Our church is expanding and growing steadily day by day and this calls for more resources and youth in a special ways coupled with elaborating projects that can raise income.

1.2.6. Planned activities and envisioned general policy

The detailed are find in the action plan of the year 2017

1.2.7. Expected challenges and mitigation Measures

The major challenges that are expected are all about youth mind set about the limited financial resources. Measure is just keep teaching them self-reliance.

EDUCATION DEPARTMENT

Introduction

I am so thankful to God who is the source of wisdom and knowledgeable deeds as I cannot forget that our daily life situations depend up on His will and without His guidance we can't do anything.

I want to express my sincere thanks to my Lord Bishop the Right Rev. Dr. KALIMBA Jered Bishop of Shyogwe Diocese, all diocesan staff , District officers, head teachers, parents and students for their professional guidance, fruitful ideas and reassurance given to us in this department . Your support is very much appreciated.

This report contains general introductions, describes program activities and how the program was carried out. It also indicates challenges and obstacles with plans for improvement.

1.1.Program Description

1.1.1. Historical Background of Education Department

The Education Department has been in existence before the birth of Shyogwe Diocese in 1992. Education offered by the diocese is an education that meets the needs of the community. It is helping the Rwandan community in achieving the Millennium Development goals which coincide with the strategic objectives formulated by the government of Rwanda in the document entitled “vision 2020.”

So far we have 25 Primary Schools,14 Secondary Schools including 9 Nine Year Basic Education Centers, 3 Twelve Year Basic Education centers, 1School of Excellency, 1 Teacher Training Center (T.T.C), 2 Technical Secondary School (T.S.S)and 7 Vocational Training Centers (VTCs).

Education is the largest part of the strategic plan that helps us to spread the word of God and it works as an important instrument of change in the community. It is in these schools that we groom the future leaders of the church and the country. Through these schools and partnership with the government many people are able to get jobs to sustain their families.

1.1.2. Vision

The vision is to equip men and women of God with knowledge and skills by providing holistic and relevant quality education and training.

1.1.3. Mission

Is to ensure quality education and support the government's efforts in education and to contribute to the social, spiritual and economic development of the Rwandan people.

1.1.4. Over all purpose

To prepare God fearing, literate, informed and developed Christians who will serve in the church and society.

Objectives

- To equip students with relevant skills so as to meet the challenges facing the church and society.
- To offer quality training which is relevant to the growing spiritual, social and material needs of the church and society.
- To coordinate and deliver training and development initiatives to the diocese and society.
- To provide education and training that produces natural, responsible and ethical leaders both in church and society.
- To establish a culture of innovativeness, creativeness and personal growth.

1.1.5. Current status

This is a department that gives hope for the future based on some incredible successes such as TWIRERERE ABANA EDUCATION FUND, ZEC, and excellent collaboration with all stakeholders and many others.

1.1.6. Role of the church and national development

Through the Education Department, Shyogwe Diocese is committed to contributing to the education of the people of Rwanda through its work with the government and other partners.

The diocese is dedicated to contributing to our country through construction and rehabilitation of class rooms, providing school tools and teachers in order to achieve education for all and improving the social welfare and economic development of Christians and Rwandan people in general.

1.1.7. Beneficiaries

All Rwandans are beneficiaries.

1.1.8. Motto

Educating for Excellency in Jesus' name

1.1.9. Our Partners

The government of Rwanda, CPR, 4 Districts Nyanza, Ruhango, Muhangana Kamonyi, UEM, Parents and other education stakeholders.

1.1.10. Organization and implementation policy

The Bishop of Diocese, Diocesan Administrator, Diocesan Education Commission, Head of departments, head teachers and teachers who work in their operational area as coordinators of education and volunteer workers. We also have several committees to coordinate programs such as, TWIRERERE ABANA EDUCATION FUND committee, Schools Management Committee, Parents committee, Teachers committee and Students committee.

1.1.11. Acquired experience from the previous implementation

We acquired experience from the implementation of TWIREREREABANA EDUCATION FUND and the commitment of the stakeholders to show that self-finance is possible.

1.2. Program Activities

1.2.1. Summary of the planned activities in the year 2016:

- Our activities were planned in the following Domains: Improved Schools management, Making schools information available and provide them where necessary, Smarts students in cleaned schools and protected environment, Promoted Christian Ethics and Values in our schools, Partnerships and Projects.
- Posting both teaching and administration staffs according to vacant posts.
- Preparing and supervising the exams for new workers where necessary.
- Visiting schools and controlling hygiene, the use of new curriculum and pedagogical materials.
- Attending the meetings linked to Education both for the Church and Government.
- Carrying out the statistics in all Church founded schools.
- Making quarterly reports for education activities.
- Mobilizing schools to teach religion and carrying out other Christian activities.
- Strengthening Partnership Being in touch with the former volunteers at least 1 volunteer will come back to visit us.
- Reinforcing collaboration with others Public bodies like CPR, among others.
- Coordinating activities of “Twirere Abana Education Fund”.
- Following up the activities of AIP of Hanika and other Projects.

1.2.3. Some remarkable achievement in the year 2016.

In this year a number of activities were carried out in all Domains. The following are some of them:

A primary role of education is to equip people with the knowledge and confidence to make a difference in the transformation of society. And providing students with content knowledge, values, attitudes and behaviors that align with those expected in a society. In this context we organized education week from the school level to the Diocesan level and the closing celebration took a place at TTC Muhanga. The guest of honor was the Right. Rev. Dr. KALIMBA Jered, Bishop of EAR, Shyogwe Diocese.

The Government of Rwanda is presently involved in the process of developing Sector Strategies to implement EDPRS programs. As stated in the Country's Vision 2020 one of the identified development pillars is the Human Resource Development (HRD).

The importance of this Pillar lies in the empowerment of individuals through developing their skills. In this way Shyogwe Diocese has put much effort to support initiative. Thus at Rugendabari 38 people graduated and get their certificates.

You may not necessarily be the person running the meeting but no matter what your role you must be clear on your responsibilities so that you can contribute as much as possible to the meeting process. Below are pictures showing a meeting of some head teachers during preparation of Diocesan TEST.

We worked hard to make sure that all diocesan schools were well managed, and that educators are providing relevant skills. Hence, 16 teachers were trained on computers skills, such that they will be able to teach the students.

We worked hard to make sure that all diocesan schools were well managed, and that educators are providing relevant skills. Hence, 16 teachers were trained on computers skills, such that they will be able to teach the students.

- The Diocesan Education Commission, Pastors and Archdeacons visited 18 schools including, G.S.Hanika, Hanika TTC, G.S.Shyogwe, TTC Muhanga, Gahengeri Primary and Ntenyo, Gishari Primary, Vunga VTC , GS Shaki, GS Gahombo, GS Murehe, ZEC , Ntungamo Primary school, Nyakabungo, Ngaru primary and Hanika AIP. We controlled the use of new curriculum and pedagogical materials, hygiene among others.

Zion Education Center and GS Shyogwe.

- We worked hard to make sure that all Diocesan schools were well managed and posts both in teaching and administration were working accordingly. Due to good collaboration with Districts 13 educators were posted in different schools.

We visited GSShaki and witnessed the its rehabilitation

Diocesan Education Commission visited GS Gahombo.

In addition, due to above visits we worked hand in hand with the both teaching and administration staff as well as pupils to oversee schools' management, teaching realities among other things.

The Diocesan Commission of Education is working tirelessly in order to achieve the assigned duties and responsibilities that are included but not limited to

- Conduct field visits to provide proof of the work being done
- To provide advice in line with gaps and/or weakness noticed
- To work jointly with the Diocesan Department of Education to write proposals for funding.
- Organize competitions via education weeks on yearly basis at primary and secondary levels for the sake of awakening students' talents and commitments
- To share knowledge among all partners of education within the Diocese.

We participated in different meetings for teachers, head teachers, and other stakeholders.

The first Education Meeting took a place at Cyakabiri main hall where Bishop Jered challenged the Shyogwe Diocese Educators in the direction of work improvement and provided them advices.

We tried our best to ensure good collaboration and cooperation with partners of the diocese in the education sector.

We reinforced collaboration with public bodies like CPR and Education departments of other churches etc.

We coordinated activities of TWIRERE ABANA EDUCATION FUND

In collaboration with Muhanga District the 3 new classrooms are under construction in order to reduce the overpopulated classes in our schools.

Gisura Primary school 3 classrooms were built at Ngaru Parish.

We keep an eye on the Hanika AIP Hanika activities, God willing it will start soon.

We Strengthened Partnership and we have Been in touch with the former volunteers and one volunteer called Anne who worked in Saint Peter College of Shyogwe in 2014-2015 came back from Germany to visit us.

The school is still under extension as a result of increase in section thought due to high demand of vocational and technical training as well as the high increase of students'

enrollment to 1,000 in the year 2014 and the next year. This is the reason as to why the school has requested for expansion to Advanced Diploma.

Hanika Anglican Integrated Polytechnic started its operations with four sections; *Electrical, Automobile mechanics, Accountancy and Computer Science*. Due to its rapid growth with a good quality of education it now intends to open an Integrated Polytechnic center offering **advanced diploma A1** in technical and Vocational courses; *Electrical and Electronics Technology, Civil Engineering, Automobile Mechanics, General Mechanics, Ceramics , Computer science, Accounting, Finance and Banking and Monitoring and Evaluation*. The school continued its extension towards the standards set by WDA and the Ministry of Education.

AIP is situated in Nyanza at Hanika.

CONCEPT AND DESCRIPTION

Due to the good quality of education that **HANIKA TSS** offers, it has got a good number of student's enrolment every year and therefore, it has a need for extension. It is in that sense that we approached WDA to be granted. The project includes the following:

- * Extending the St Emmanuel Hanika TSS to become Anglican Integrated Polytechnic (AIP)

In addition to the existing 9 classrooms, dormitories, library and workshops, the renovation of the surroundings will be gradually made. This extension will be made on the existing plot.

- * Acquire supplementary equipment

The execution of the project will spread out over a period about 6 months. The investment of the project will entail socio-economic effects such as creation of new jobs, which contributes to the development of the country and new enrolment of students. The details are shown in the table below.

The hanika anglican integrated polytechnic tools

Innagation of Grgls domitory and certificate at VTC Vunga

In addition, due to the good collaboration with authorities in Government, the Governor of Southern province visited VTC Vunga and testified himself the, new buildings, schools' management, and teaching realities among other things.

The Governor of Southern province visiting VTC Vunga

Together with MU through Health mums projects we strengthened Nursery schools. In Order to

- To work jointly with the MU Department to rise up children in Christianity way.
- To provide advice in line with gaps and/or weakness noticed
- Provide proof of the work being done we visited them

We participated in different meetings for teachers, head teachers, and other stakeholders.

The first Education Meeting took a place at Cyakabiri main hall where Bishop Jered challenged the Shyogwe Diocese Educators in the direction of work improvement and provided them advices.

We tried our best to ensure good collaboration and cooperation with partners of the diocese in the education sector.

We reinforced collaboration with public bodies like CPR and Education departments of other churches etc.

We coordinated activities of TWIRERE ABANA EDUCATION FUND

In collaboration with Muhanga District the 12 toilettes in Gisura Primary school are under construction in order to reduce the overpopulated use of toilettes in that school.

Friendship match between GSS Shyogwe and Saint Peter

We keep an eye on the Hanika AIP Hanika activities, God willing it will start soon.

In this quarterly education department played a big role to facilitate Diocesan guests as far as education is concerned. Below are students from Theodor Fliedner Gymnasium school operating in Germany and many others.

We visited GSShaki and witnessed the its rehabilitation

We Strengthened Partnership and we have Been in touch with the former volunteers and one volunteer called Anne who worked in Saint Peter College of Shyogwe in 2014-2015 came back from Germany to visit us. Though we experienced hard time with some volunteers in Shyogwe there are others who straggled to comeback. Indeed this approved Bishop Statement where he said that **“no guest comes once at Shyogwe Diocese, he/she keeps coming again and again “**

During this year 3 volunteers went back home before finishing their period.

1.1.1. Innovations

We rehabilitated GSS Shaki School which was destroyed by the wind through Twirere Abana Education Funds we happy that in this rainy season students are safely studying well.

TWIRERERE ABANA EDUCATION FUND is one of our innovations. In this term we put much effort in its coordination and raising money.

The second innovation is ZEC opened a primary program after Shyogwe Diocese together with Gitarama Christians built 4 new Classrooms at Zion hill.

Hanika Anglican Integrated Polytechnic is also one of our innovation projects. It is an institution of high learning to teach technical skills that are highly needed in Rwanda.

1.1.2. Self –assessment

We are exultant with the work done in this department and good collaboration among the stakeholders.

1.1.5. Encountered challenges and proposed solutions

We have overpopulated classes in the schools which were built long ago. There is the need to reconstruct some of these old schools because they could collapse and fall on the students. These schools are: NYAKABUNGO, NTUNGAMO, GAHENGARI and MUREHE. So the proposed solution is to construct new classrooms starting with those which have the greatest need.

We are also asking for support for the “TWIRERE EDUCATION FUND” which is one of the solutions we have available to the Education Department because it will solve many problems concerning school infrastructure, teaching materials, training of the teaching and administration staff.

1.1.3. Planned activities and envisioned General policy

To coordinate all educational activities in the Shyogwe diocese according to our 2016 action plan.

1.1.4. Expected challenges and mitigation measures

A very large number of learners in primary schools.

A small number of students in our Technical schools may cause closure in the future.

EVANGELISM DEPARTMENT

INTRODUCTION

This report of Evangelism Department include the activities relate on Evangelism into the parishes and this work focalizes on spiritual side of humanity .We do this evangelism into the parishes of Shyogwe Diocese and we have to help two prisons of Muhanga and Nyanza where some of our Pastors called to go for Evangelism. Other side we do and organize the Evangelism to church children in program called Sunday school.

Program Description

The Department of Evangelism the Diocese of Shyogwe, takes root in Mission Dei .As we see from Genesis, God had a mission to His people and that mission it was to live in good condition in Garden of Eden. Because the sin, the men were separated with God. But God planned a full salvation which will be completed in Jesus name. Before Jesus' coming, God sent His messengers: He sent Moses to deliver his people in Egypt, He sent the prophets in order to remind Israel about God s' promise. In New Testament God sent his only begotten son to serve and restore people. As we know, Jesus concluded his mission on the cross. Before went back to the heaven, Jesus gave his disciples a mission which we call "Great mission". He asked them to wherever the world to tell the Gospel, to teach and to baptize people. In Rwanda, we received the Missioners of CMS (Church Missionary Society) and they began the mission at Gahini Station in 1922. The Good News was spreading in many parts of Rwanda and Different Dioceses were starting. In his activities Shyogwe Diocese has different Departments and Evangelism is one among of them which has a task to contribute on Mission Die from 1992 when Diocese was stated. We have to preach, to teach the Good News of Jesus Christ to all and baptize will be like fruits of our mission.

Historical Background

Vision

Bringing the Kingdom of God in Rwandan society, especial in area of Shyogwe Diocese

Mission Statement:

Helping the members of Shyogwe Diocese to become disciples of Jesus Christ

Overall Purpose

Empowering the members of Shyogwe Diocese with spiritual and integrity skills in order to endure and overcoming all circumstances which can be a barrier on Christianity

The evangelism activities were taking place in different levels of the church especial at chapels, parishes, archdeaconries and at diocesan level .In collaboration with different people

of each level with thank God who provided life and helped us to reach on the following activities:

- To strengthen the archdeaconry leadership
- To visit the parishes and to send The Good News
- To send the Word in prisons
- The activities relate on Sunday school program

1. Archdeaconry Leadership

From at the end of year 2015 up to end of first term of 2016 in Shyogwe Diocese we had four archdeaconries and the four leaders were sent officially as the following dates show.

27/9/2015: The Bishop prayed Reverend Iyakaremye Joseph, Leader of Ndiza

20/12/2015 The Bishop prayed Reverend Nyituriki Edward, Leader of Nyarugenge

13/3/2016 The Bishop prayed Reverend Kabayiza Louis Pasteur, leader of Hanika

3/4/2016 The Bishop prayed Reverend Canon Gasana Emmanuel, Leader of Shyogwe

To visit the parishes

In March, Rev. Iyakaremye Joseph, Rev Karasira Prosper and I we participated and preached in youth convention were at Murehe parish.

In March, I visited Gahogo (St. Mathias Parish). With the Word from Revelation 22. We encourage people to have good works because at the end everyone will received according his or her works.

In Much 2016, Rev. Amos and I we visited Mutara Parish .Around five hundred heard the Good News of Jesus and they were trained about to develop they life according the basic resources.

Evangelism in prisons

On 24 April 2016 The Bishop of Shyogwe with Rev. Kabayiza Louis Pastor visited Mpanga prison .The 91 prisoners were confirmed and that day Mpanga prison received the gift of cloths and Bible they cost are 1.275.000 (One million two hundred seventy five thousand Rwf.

On 1/5/2016, The Bishop with the pastors of Shyogwe archdeaconry they visited Muhanga prison, around twenty nine prisoners were confirmed and they received 25 five Bibles as Bishops' gift.

Bishop preached and confirmed one hundred twenty prisoners in Muhanga and Mpanga prisons.

EVANGELISM REPORT: Second term

In this report I will show the activities corporate in second term (April- 10th July), you will see the activities done in different parishes, the meetings, mapping, and trainings. In hope good collaboration we need and waiting your advice

In order to empower our Christians and to work hand in hand with the parishes priests I visited and preach in the following parishes:

On 31/5/2016 I attended the convention in Nyagisozi parish where around 1200 people were participated with yearn to hear the Word of God .The theme of the convention was in Rom 12.1-3 ‘‘

And after preaching on this theme 45 people accepted to stand up and restore their relationship with God. Before this convention many Christians were returned in bad behaviors but after that they became to stay in God s' way.

Afterwards, we organized the evangelism's visit in Muhanga prison. On 1/5/2016 5 I and Rev. Canon. GASANA Emmanuel, Rev. RUKUNDO Methode , Rev. Berchmans MUTIMURA, Rev. Alfred HABUMUGISHA, Rev. Prosper KARASIRA we accompanied The Bishop of Shyogwe Diocese who was the preacher of that day. 29 Prisoners were confirmed and we help the Bishop to serve The Holy Communion.

At that ceremony The Bishop welcomed the Muhanga prison as the one includes in 35 parishes form Shyogwe Diocese

Therefore, on 12/6/2016 we visited Gasharu Parish. In this parish I preached there the Word from Deuteronomy: 6:1-10. The purpose is to be integrity in front of God s' face because some time the people forget the works of God and create their ways according their desires.

After preaching, 15 people stood for restore their communication with Jesus

On 1 July 2016 I attended the workshop in Shyogwe archdeaconry .It was about training of prayers and I have to helped and accompanied Chris Hill who is doing his pastoral internship in Shyogwe Diocese.

Mapping and Convention

-Shyogwe Diocese has a vision to begin the local churches where is not yet present, however two years ago we began to visit and observe Kayenzi place and last year the Diocese of Shyogwe bought a land of tree and half million where we will construct a building for visible church.

In this term I and Archdeacon of Ndiza we met many time for to organize the launch of Anglican Church in Kayenzi Place. This launch will take time on 17/7/2016 and different archdeaconries will be represented in order to work hand in hand in God's ministry

At the end of 2016 we have planned the convention of pastors' children and in this term I met with their representative and we did the first meeting on 24th/6/2016. In that meeting we suggested 15 to 18 December as dates for this convention. For this work still have a lot to do like to know and communicate every child, to write the budget, to think deeply about preachers, teachers, etc.

In order to prepare PEAR Convention of pastors I attended second meeting which took place at Shyogwe Diocese on 24 June 2016. The date of this convention will take place on 28/11-2 December 2016, the theme suggested is 'Mat 28:19-20'. As mission coordinator I shared this information with pastors' house in their meeting which took place at Gahogo Parish on 8/7/2016.

In collaboration with archdeacons and parishes we organized the competition of choirs in Shyogwe archdeaconry in order to have the new songs written by our choirs themselves. This competition will take place at Gahogo Parish on 24 August. According to the findings we hope to continue to other archdeaconry for next years.

This is EniHakole choir after have first place in competition of 5 choirs in Gitarama parish

Even though, as assistant pastor I done different activities at parish and chapels level within pastor principal included layer leaders

The same day on 3 July 2016 at Gitarama parish we welcomed 8 members from other churches , 1 child baptized , 29 members of F.U and 12 M.U. were ordained

Sunday school training

In collaboration with Scripture Union in Rwanda (Ligue pour la Lecture de la Bible), On 3th June 2016 in Shyogwe Diocese started a training session of 34 pastors and 68 Sunday school teachers about how to teach the children within the Church.

In The church we have a big number of youth and children .Some time we hadn't a specific program and we have not the specialists who can help them; that is why two years ago Shyogwe Diocese emphasized to empower volunteers for Sunday

school and to found the tools used.

During opening the above training session, Rev. SEHORANA explained to the participants that is necessary to teach our children when they are still very young because it is God s' commend as we

read in Deut.6:7, and many Rwanda's proverbs show that it is easy and greater for young children, to catch a good direction, than when he/ she became old.

Even though, as we read in New Testament we see that Jesus was welcoming the children when the disciples scolded them.

A child is like foundation of the house constructed, meaning that if we need a good church and good community today and tomorrow let's build our children from today and show a good way as we read on Proverbs:22.6.

Why must -we teach the children?

-It is God's command

-Many bad teaching surrounding people i.e. pornography films

-At the early ages the children have a good capacity to learn many new things

This numbers show how human being can receive the new things accordingly his age

AGES	CAPACITY OF LEARNING
4-16	75 %
17-29	15 %
30-50	8 %
50and more	2 %

The topics were talking about:

- Wider Purpose of God from Genesis till Revelation.
- Introduction of lesson
- Lesson development
- Conclusion and methods will be used for a good lesson.

OUT COME

- 68 participants have seen the knowledge to teach Sunday school class
- 68 trainees had a task to train others in their parishes
- The Diocese of Shyogwe has received 3,000.00 books as didactic materials that will be used in Sunday school within parishes.

After the training the participants expressed a word of recognition to SHYOGWE DIOCESE and Scripture Union for planning this important training, and Rev. MUKAMWIZA Charlotte who is the in

charge of Evangelism program concluded the training with pray after a thanks giving to the trainers who came from to Scripture Union to contribute on this training.

REPORT OF THIRD TERM

Vision:

The main Vision in evangelism is to tell Good News to all who have not yet believed in Jesus Christ . And make them the discipleship to those who are born again and show them a way to pass through.

Planned and activities done

In this third term we done different activities relate on Evangelism and the important activities were done are in 4 sections with are the following:

1. Evangelism through the Choirs
2. Field activities/ parishes' visits
3. Meetings and trainings

1. Evangelism though the choirs

As we planned, in the second term we had many meetings on competition of choirs . In collaboration with Shyogwe Archdeaconry and Evangelism Department we realized the competition of choir on 24th August were 8 per 11 choirs are attended.

The main purpose for that is to improve the gifts which are in our choirs 'members, and to encourage our choirs to large their members. We pray that if possible to gather the choirs in each Archdeaconry per year.

After the competition every choir received the thanks giving from the Bishop of Shyogwe and he gave them the different rewards as motivation

The following photos show the choirs' event on 24th August 2016

2. Field activities/ parishes' visits

On 2 September 2016 I visited Nyarugenge Archdeaconry where the pastors and catechists we shared how we can together focalize on evangelism in all activities especial in different groups in the parishes.

I reminded them to take as important the cell groups because they are main tools which can give the good result in Evangelism.

On 6th September, the coordinator of saving and Credit and I we visited Ndiza archdeaconry and we met with pastors and catechists who are facilitators of saving and credit groups. I encouraged them to remember Evangelism as the initial pillar in saving and credit program .I reminded them to be carefully about the grassroots churches because they can be destroyed if the saving and credit groups are not managed .We requested pastors to help the church members to be faithfully in using many in order to protect the testimony of the church. In Ndiza archdeaconry, the grassroots churches dynamic because their leaders received the training of tree days by leader of archdeaconry.

On 22thSeptember 2016, we visited Hanika archdeaconry where we med with pastors and catechists who the in charge of saving and credit groups. As we discussed in other archdeaconries ,in Hanika the pastors and I we told about that evangelism must be primary in all church activities and it is pastors' task to promote integrity and faithfully to his people.

At Hanika archdeaconry they promised to organize the convention for those who are members of groups in order to reach who unreached participant in saving groups in our church.

On 11th September 2016 I visited Gahombo Parish were it was confirmation day and the Bishop confirmed around sixty people .At that time I got profit to meet the Sunday schools committee and to encourage them on this zeal work. On 16th September some staff members and I , we accompanied the Bishop of Shyogwe at Shaki parish where one hundred and twenty people were confirmed .

Meetings and training As it was our plan of this year, we are preparing the retreat of pastors' kids. In this third term, pastors' kids and I we met twice on 4th September and 9th October 2016 in order to organize everything that relates to this retreat. We established the budget and the time table will be used and the next step it will be to collect the contribution and continue the communication through the pastors and other pastors' kids who are in the organization committee.

The photo of pastors' kids after meeting at St Mathias parish on 9th October 2016

The Bishop of Shyogwe and visitors from UEM visited St Mathias joined this photo

On 15 August 2016 and I attended the meeting was organizing the convention of PEAR. In this meeting the people of Shyogwe were asked to plan with seriousness as people will welcomed around fifty hundred pastors in our place.

The office of PEAR was asked to found the number of pastors will coming from each Diocese before convention in order to help those who are the in charge of meal and accommodation.

After that, we had the same meeting with people of Shyogwe on 7th October at Groupe Scholaire de Shyogwe. In this meeting we reminded people on their responsibilities and we focalized on two things very important in convention which are accommodation and meal. About accommodation we asked the people who the in charge of mattress to be carefully on their cleanness .We asked those who the in charge of meal especial manager of HTC and bursar of GSS to organize other small meetings in order to harmonize everything will necessary.

Spiritual committee meeting

On 2 31August 2016 the members of spiritual commission and I we had a meeting at Diocesan office. In his speech of welcoming the participants and opining this meeting , The Bishop of Shyogwe asked the participants to do this work with seriousness .He gave the freedom to take meeting alone if it is necessary and to give him the report. In this meeting we saw that it is important to help the pastors in their work and the role of this committee is to help spiritually. In this work we see that is not only to limit to pastor but to see in large of his family (spouse and children).

The result of this meeting was that in collaboration with PEAR mothers' union worker and evangelism we planned a retreat of one day which taken place on 13th September at Shyogwe Diocese. With Canon Ndoriyobijya Japheth from Kigali, the pastors and their spouses received the reminds about their work and their call.

Training about healing of memories

I participated in training of healing memories which take place at Shyogwe Diocese on 19-22th September 2016 .We are 13 pastors and I was helpfully for that because in my pastoral ministry I need such knowledge .As Rwandans, we were facing the genocide tragedy, we are today facing many challenges, we have some families living with quarrels between women and men, children and parents, etc. Therefore, as a pastor I received different people who need such kind of healing of memories. I hope that I will able to here and to help those who come to my with even problems of his or her story.

Meeting of ALFA

ALFA is NGO which has the mission of evangelism especial in youth and in prisons. ALFA Rwanda helped Evangelism Department of Shyogwe Diocese to have 120 Bibles sent in prisons of Nyanza and Mpanga two years ago .The last meeting was taken place on 4th October 2016 at Kacyiru and the main purpose was to refresh our evangelism in prison in order to begin the new groups because the Alfa program uses the groups of fifty people who take the courses in two month. And the all lesson focalize the knowledge about Jesus.

Sunday school program

In different parishes, the work of Sunday school for children is continuing, many teachers of children were trained in the parishes and archdeaconries.

The following photo shows how the volunteers teachers helping the children in their parishes.

The planned activities in the last term

In last term of year 2016, in Evangelism Department will focalize on 4 activities are the following

- To finalize all activities concerning PEAR convention and pastors' kids retreat.
- To prepare the Sunday school week before Christmas day.
- To prepare the form of church members census and send it into the parishes.
- I will continue to visit and preach the Word of God in the prison and parishes.

REPORT OF FOURTH TERM

Visit in the parishes

On 27/October /2016 I visit Gasharu parish where I met with the group of prayers .I shared with them the Word of God and I shared with them the role of prayer in Christian life and its important in church growth.

On 18 November 2016, Rev. Amos, Rev.Francois, Mme Zibrie (Diocesan finance administrator) and I we visit Nyabinoni parish. In this parish we met about two hundred people gathered every Friday for parish prayer and we observed how this parish is well organized and leaded the manner their member work together

In fourth term the main activities were preparing and put in action the different convention in different levels of church like at provincial level where we have convention of pastors and Bishops, at Diocesan level where the youth convention and pastors' kid's convention were take place. We had also the convention at archdeaconry level where it taken place in Mpemba parish

The preparation, the meetings, communication and other activities relate on conventions were occupied a long time of this period of the end of year 2016

The pastors' convention

This take place in Shyogwe Diocese on 28/11-2/2016 and about five hundred pastors and Bishop were attended.

The all topics focalize on discipleship and before to make discipleship we were reminded as pastors and bishops to be the disciples.

At the end of this convention we thank God because He helps us and everything was blessed, The participants were happy for organization we had in Shyogwe Diocese.

Pastors' kids' convention

This convention was taking place at Shyogwe on 15-18/12/2016, about one hundred participants attended.

With the Bishop of Shyogwe, Bishop of Kigeme and different speakers this convention was helpful and joyful .In his speech the Bishop of Shyogwe shows how he recognizes the pastors 'kids like his own children.

At the end of this convention the participants elected the committee which will continue to think about the unity of pastors' kids .The names of committee members are the following and Rev. MUKAMWIZA Charlotte continues to be a contact person

AMAZINA	PARUWASE	UBUCIDIKON	UMWANYA ARIMO
1.HAKIZIMANA J. Claude	GAHOGO	SHYOGWE	PRESIDENT
2.IRAKOZE Elise	GAHOMBO	HANIKA	VICE PRESIDENT
3.INGABIRE Grace	HANIKA	HANIKA	SECRETAIRE
4.ABAYISABA Peace	GAHOGO	SHYOGWE	TRESORIERE
5.BANAMWANA Emmanuel	CYIMANA	NYARUGENGE	MEMBER
6.IYAKAREMYE Emmanuel	SHAKI	NDIZA	MEMBER

7.IYAKAREMYE Daniel	SHAKI	NDIZA	MEMBER
8.Hoziana	RUSHOKA	NYARUGENGE	MEMBER

Some photos of pastors' kids

The Bishop of Shyogwe was the main speaker of pastors' kids retreat

Sunday school week

As it is our habit at the end of year, in Shyogwe Diocese we organize Sunday school week .In year 2016 the Sunday school week began on 18 December to 24/12/2016.

In this week, the children gathered at chapels, parishes according the plan of each level

MOTHERS' UNION DEPARTMENT

INTRODUCTION

Mothers' union is one of Shyogwe Diocese departments working for women. Our vision is of a world where God's love is shown through loving, respectful, and flourishing relationships. The Aim & Purpose is to demonstrate the Christian faith in action by the transformation of communities worldwide through the nurture of the family in its many forms. The work of Mothers' Union/Women Department, contributes so much to the church and National development. When someone educates and supports a woman, he/she supports the whole family. The beneficiaries of Mothers' Union are all church members and the community members around the church. Everything done for a woman is also benefited by her husband, their children in few words all their family members and neighbors.

We have also another program of health mum project.

This program provides the vulnerable families in the village areas .this program in generally helps vulnerable families in term of well being build the capacity of basic skills in education and improve the socio-economic growth in development.

Embrace Rwanda embedded in Healthy Mum's program which fosters 3 departments such as healthy family department, socio-economic department and pre-education and vocational skills department where 2 projects from each of the department has given a better life to the beneficiaries

Objectives

- ✓ To Reduce some diseases in the community because of lacking enough nutrition
- ✓ To provide trainings on balanced diet preparations for pregnant women as well as mothers with children under 5 years old.
- ✓ Single mothers advocacy and empowerment initiatives.
- ✓ To provide health education to children and young adults (both male and female)
- ✓ To prevent early pregnancies.
- ✓ To promote resourceful self-dependency and self-sustainable mentalities.
- ✓ Provide moral, spiritual and practical support.

Healthy Mum's Project planned Carried out activities

Activities for January – December 2016

Healthy mums Program in Shyogwe Diocese started in November 2013 with 3 groups comprising 60 women. It started with three parishes which are: Shyogwe, Gikomero and Hanika. Today, the project works with 420 women in six parishes: Gitarama, Gikomero, Shyogwe, Hanika, Runda and Rugobagoba and in all these 6 parishes there are pre-schools worth 16 in number.

The aim of Healthy Mums project is to help vulnerable women who are pregnant or those who has children less than one year. We help women to know how they can educate their children and we support their own initiatives towards economic transformation.

Planned activities	Realized activities	Problems/challenges	How problems have been resolved?/Proposed solution
I. Meetings and Workshop for beneficiaries	<p>We have 420 beneficiaries in 21 groups and every group have one day per a week to meet together and their meeting last for 3 hours and they are facilitated by an agent of health some time with supervisors and field officer.</p> <p>The aim is to cultivate capacities of the beneficiaries through discussing different topics such as:</p> <ul style="list-style-type: none"> - Preparation of nutritious food, - Family planning, -Health insurance, - Counseling for maternal ,newborn and children health care - a culture of saving and credit <p>1. Mums have learned how they can prepare nutritious food in their families and they are also encouraged to have kitchen gardens. By now 359mums have kitchen gardens and small domestic animals have been distributed to 140 mums from 7 healthy mums groups. Some of those animals have given birth, and 20 young animals already given back to other beneficiaries. Those domestic animals will help them get manure for fertilizing their lands in</p>	<p>Limited financial means to better run this activity and also lack of transport facilities to do regular visits</p> <p>Limited skills of Agent of healthy because of lack of enough trainings</p>	<p>We have tried to organize workshop of agent of health who work hand in hand with beneficiaries in building their capacity to do well some activities. This took place at the parish.</p> <p>We have sent a request to a Embrace Rwanda for a transportation means .</p>

	<p>cultivation basically for their vegetables growing.</p> <p>2. Mums have been encouraged to practice family planning program which helps them to appropriately bring up their children; currently 285 mums have adopted family planning.</p> <p>3 They are mobilized to have Health Insurance for the whole family which helps to get medical treatment. Though we are working with vulnerable families and very poor, we have tried to sensitise them to save some money in order to pay Health Insurance for their families. It was not easy, some managed to pay it but others not.</p> <p>266 families out of 400 families paid health insurance but 134 families are straggling</p> <p>4. - Counseling for maternal ,newborn and children health care</p> <p>Women are counselled to take care of themselves and their unborn children during pregnancy by following some advice below :</p> <ul style="list-style-type: none"> - Encouraging mums to carry out a regular prenatal care at a healthcare centre. - Advising women to eat balanced diet - Encouraging women to be careful about food hygiene - Preventing to take alcohol and smoking... <p>5. The Mums are encouraged to have the culture of saving and as a result before ending their meeting they bring savings together and take them to the bank. Today, 420 beneficiaries saved 1,371,670 RW Francs.</p>		
<p>II. Mobilise the women of HMP to start income generating activities</p>	<p>- The beneficiaries are encouraged to be creative and innovative by using their skills and take advantage of their surrounded opportunities. Now some of them started the activities which generate income by getting loan from their savings at a fair interest. for instance in Gikomero zone we have women who sell cassava , Bananas and also in Shyogwe zone we have some groups which their members starting</p>	<p>Their savings are not much fund to help them in their initiatives ,</p>	<p>We are currently doing advocacy in Embrace Rwanda</p>

	Agaseke weaving to become their main employment and source of income.		
III. HIV /AIDS voluntary test for HMP beneficiaries from GIKOMERO Zone	<p>Sixty (60) women from GIKOMERO Zone beneficiaries of HMP had an HIV/ADS test voluntary at GIKOMERO Health Center.</p> <p>Unfortunately, two out of 60 were found infected by HIV/ADIS but they started taking medicines and the Health Center is taking care of them hoping that it helps them and their families. We are looking forward to continue accompanying them.</p>	Those who missed because late coming and absent	We plan to organise other day of testing.
IV. - Training on sewing and Knitting in HMP Vocational School - Promotion of Entrepreneurial spirit among students of HMP Vocational school	<p>-We have a vocational Training Canter where 75 young girls and 3 boys are being trained in Sewing and Knitting.</p> <p>-The Entrepreneurship course is given to these people and we have tried to help them to think about their future while they were at school.</p> <p>-They started groups considering where they are coming from. In those groups, they get enough time to discuss about plan for tomorrow and also make the savings of saving and credit.</p> <p>-We have encouraged students to keep using those skills in helping to improve the people's lives in their respective community.</p> <p>We have also encouraged them to keep up with the spirit of cooperating and influencing others which will help them to gain experience for their good future.</p>	<p>Lack of some materials</p> <p>Their savings are not much fund to help them in their initiatives</p>	We are planning to continue encourage them for saving and see if the program can help them to support their initiative which can help them to start their small associations for making uniforms and other clothes for different clients for supporting themselves and their families.
V. Early childhood for Bright - To start /open 14new pre-school	<p>-There are 2 existing pre-schools in year 2015 and there are 14 preschool started in 2016 and now we have 16 preschool in 16 chapels working with a total number of 882 children. These nursery schools has greatly helped parents to educate their children because some of them where not accessing other schools before.</p> <p>Those schools promote talents and skills that are hidden in children which also help them to socially interact with one another through games and dramas.</p>	<p>Some pre- schools have no or insufficient basic toys, materials and teaching aids, there is a need to purchase required teaching materials to suit children's needs</p> <p>Lack of appropriate materials and utensils including safe toilets for</p>	We do advocacy in Embrace Rwanda

<p>- Pre-school uniform making for some schools</p>	<p>-Several meeting are organised and the object is to let parents participate in building a sustainable development of those schools and also to encourage them to bring their children to nursery schools. Now some parents changed their mind and give their contribution to these schools and also each school have parents committee and so far, parents have seen the significance and the value of school in educating well their children</p> <p>-It is very encouraging to parents to see their children having uniforms because many of them do not have many clothes to change.</p> <p>-This year the Mothers 'Union continued to try the best to make uniforms for some schools starting by the parent's contribution of 1250 Rwandan francs. Almost all school had uniforms but it was not easy for mothers 'union because they have to pay back some money.</p> <p>-We supplied uniforms to Gikomero 2 schools, Runda (Muganza) and Shyogwe 3 schools during this year.</p>	<p>kids.</p> <p>These pre-schools did not get expected contribution from parents and support from Embrace Rwanda, this had consequence on the accomplishment planned activities including teacher's incentives.</p> <p>Parent's contributions were not enough to accomplish the cost of uniform</p>	
<p>VI. The consultation meeting with pastors and catechists on Healthy Mums Program activities especially Pre-schools in Shyogwe Diocese</p>	<p>This consultation meeting done at Shyogwe Diocesan Headquarter. The reason was to enable pastors and catechists to know the healthy mums program and their responsibilities /role as parish leaders.</p> <p>The topic are</p> <p>-Role of the Church in Education at Pre-school level given by The RT. Rev Dr. JERED KARIMBA, Bishop of Shyogwe Diocese</p> <p>-Embrace Rwanda activities in Shyogwe Diocese given by Mr. Gakuba Francis, Embrace Rwanda Coordinator.</p> <p>-Testimony of Archdeacon Kabayiza about those pre-school in Hanika Parish.</p> <p>Actually, we have 16 Pre-schools in 16 chapels all-over the diocese which are:</p> <p>- Musumba ,Gatenzi ,Munazi in Gitarama Parish</p>	<p>N/A</p>	<p>N /A</p>

	<p>-Shyogwe, Karama, Murambi in Shyogwe parish</p> <p>-Gikomero, Mwaka in Gikomero Parish</p> <p>-Gasoro, Kavumu, Mukoni, Mpanga , Gacu in Hanika Parish</p> <p>- Runda, Muganza in Runda parish</p> <p>- Rugobagoba chapel in Rugobagoba Parish</p>		
VII. Healthy Mums Program Evaluation report by Susan Murphy	<p>The evaluator was sent by the Embrace Rwanda International office in Canada and the purpose of the Evaluation was to see the progress of the Program in Shyogwe Diocese and think about the way forward for the well planification of the program.</p> <p>Susan Murphy was really encouraging and helpful for our work and her advices were very useful.</p> <p>She managed to reach all associations, Pastors, Supervisors, Agents of Health and ECBF Teachers and gave questionnaires to all.</p>	N/A	N/A
VIII. Visit by The Embrace Rwanda Executive Secretary Hilary King	<p>We were visited by our Embrace Rwanda Executive Secretary with the ERIS Rwanda Director.</p> <p>The Visit was in August and for visiting different beneficiaries and see the progress or challenges for helping the planification.</p> <p>All beneficiaries were very happy to see Hilary King coming back to visit them and were very thankful for the program started in Shyogwe. Beneficiaries from Shyogwe Zone were very happy and gave her a special gift which she has never seen before. They had time to think and create a unique handcraft to offer to offer to Embrace Rwanda as thanksgiving.</p>	N/A	N/A
IX. Goats giving back to others	<p>In GIKOMERO Zone, the beneficiaries received 20 goats and those goats have given birth and those young goats gave back to Hilary King and at the same day, she gave them to a new association of 20 women in Mwaka Chapel/Gikomero Parish.</p>	There are other groups who also need goats	We told them to be patient and wait for goats which were distributed to give birth and they will then be received.
X. Healing	<p>- Meeting and Workshop on Healing the Next Generation program were done in</p>	Lack of financial means in	It was confirmed that they

<p>the next Generation Workshop and Training</p>	<p>Shyogwe Diocese and Kigeme Diocese in order to share to prepare how we can start this program and to confirm the content and guidelines including in Healing the next generation document using in this project.</p> <ul style="list-style-type: none"> - Materials to use for facilitators are produced and workers of HMP in Shyogwe Diocese intervene in preparation. This Material call NKIRE NKIZE ABAZANKOMOKAHO in Kinyarwanda. - All HMP workers in different Diocese which are Shyogwe, Kigeme , Cyangugu, Gasabo, attended training on Healing the Next Generation “NKIRE NKIZE ABAZANKOMOMKAHO” <p>This program will provides care and listening to marginalized women who have been rejected, excluded from their own families and abandoned by their respective communities. It has object to build hope and self-confidence to those who are hopeless, to exhort the women who are shocked and wounded.</p> <p>This Healing the next Generation program/ Nkire Nkize abazankomokaho is going to start in EAR Shyogwe Diocese by this coming January 2017. It will be organized by those who were once the supervisor in HMP program. They will be volunteering in their parishes , and having meeting a group once a week</p>	<p>terms of transport to reach all groups because those already trained come far away from those groups.</p>	<p>will do this discussions on Healing the next generation by starting with the HMP groups in the nearest church.</p>
<p>XI. Training of pre School teachers</p>	<p>Trainings of preschool teacher who are working with HMP coming from all Anglican church Diocese in partnership with Embrace Rwanda. These are, Cyangugu, Kigeme, Gasabo and Shyogwe. This took place in Shyogwe Diocese at Groupe scolaire Shyogwe and this lasted about 4 days.</p> <p>Preschool teachers in HMP program as they are of number 16, they attended the training about teaching children of nursery school and they have learned how preschool build a good foundation of knowledge, attitude and how a child relate with other in a social life, which eventually prepare a child to perform well in the following years of School.</p> <p>We have also discussed about challenges we had</p>	<p>Teachers still need trainings to become qualified to this task and share different constructive ideas to make improvement.</p>	<p>We have planned each year to bring together and coordinate all pre-school teachers via HMP program.</p>

of not getting expected contribution of parents and support from schools to be able to accomplish different activities including reward of the teachers who help children.

A leader from Embrace Rwanda took time to explain the challenge they encountered which caused difficulties in running process of this activities as planned and told them that the program is still going on in this year .They were encouraged to keep on working hand in hand with parents in helping them understand their part and role to play and to remind them that schools belong to them than any other else. They were also encouraged to learn from what they passed through in the past in order to go forward in developing themselves.

The beneficiaries of HMP are visited in different zones in order to cultivate their capacities through discussing different topics and to mobilise them to start income generating activities

14 preschool are started in chapels and those schools promote talents and skills that are hidden in children which also help them to socially interact with one another through games and dramas.

All Preschool teachers in HMP of Shyogwe Diocese, attended the training about teaching children of nursery school and they were together with others of different Diocese such as Cyangugu, Kigeme, Gasabo and took place at Groupe scolaire Shyogwe

All HMP workers in different Diocese which are Shyogwe, Kigeme, cyangugu, Gasabo, attended training on Healing the Next Generation "NKIRE NKIZE ABAZANKOMOMKAHO

The evaluator, Susan Murphy was sent by the Embrace Rwanda International office in Canada and the purpose of the Evaluation was to see the progress of the Program in Shyogwe Diocese

In Gikomero zone, young goats gave back to Hilary King and at the same day, she gave them to a new association

PROJECTS SUPPORTED BY COMPASSION INTERNATIONAL

RW-720 NYAMAGANA

1.1 General introduction

The RW-720 NYAMAGANA is the Project supported by Compassion International. This Project is located in NYAMAGANACELL A BWANGACUMI village, RUHANGO Sector and RUHANGO District in Southern Province. The Project is belonging to Anglican Church of Rwanda, SHYOGWE Diocese, NYAMAGANA Parish and its offices are there. It has begun on 27^h APRIL 1987 when the Parish and its committee finished signing agreement with Compassion International Rwanda office. The Project has the historical background and it's the time now to describe it.

1.1.1 Project Description

The RW-720 EAR Nyamagana has begun with 110 children, 61 girls and 49 boys. Now our Project has 280 Children, 139 are girls and 141 boys. Among our Children, 257 have sponsors and 23 haven't. we have 224. Orphans by father, 26 by 15 mothers and 7. Total orphans. The children are coming from Ruhango, sector, RUHANGO District. Few children from Bweramana sector.

The project organization of hierarchy is composed by 4 organs:

- The Church represented by his Pastor Rev HATEGEKIMANA Joseph ;
- The new Project Committee asked by Compassion International composed by 6 members elected from Parish Executive Committee

President: MUKOMEZA Jered

Secretary: MUKAGATANAZI Venantie

Counselors: MUHAWENIMANA Dominique

MUKANYINDO SOLINE

BUCYANA Martin

NTAKIRENDE JMV

The Project Director: Mme MUTUNGIREHE M Rose

- The Project Workers:

PCD: NZAMUKOSHA M Jeanne

HSW: Still waiting

Accountant: MAJYAMBERE Celestin

1.2 Project historical background

1.2.1 Project vision

Bringing the Kingdom of God in the Operating area of Shyogwe Diocese

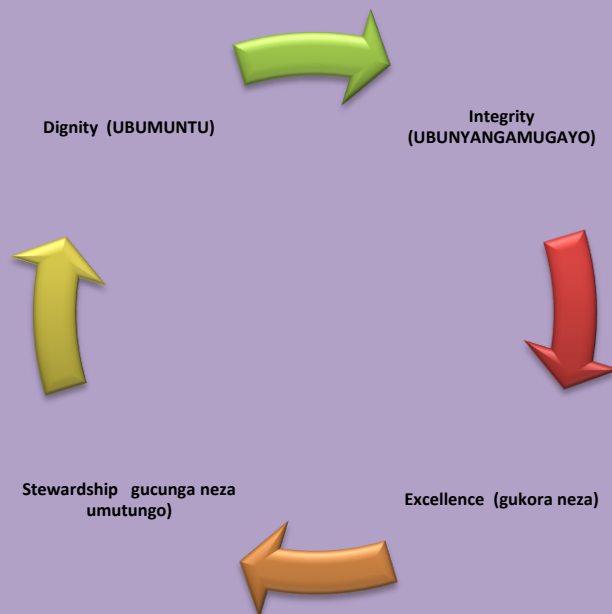

1.2.2 Project Mission

Releasing children from poverty in Jesus name

1.2.3 Overall Purpose

The project is there as an advocacy for vulnerable children and to realize them from all types of extreme poverty in the name of Jesus. The project achieves its vision in four components, in order to facilitate children to grow up physically, Spiritually, Social emotionally and cognitively. The project waits to children to be Christian, to be developed economically, to be benefit to him-self, the Church, his family and his country. When a child is developed, his family became developed, and when family is developed in four components above cited, the country will be developed. This is the Vision in the same way the role of Project to Church and the Country in general.

Project's Core Values

1.1.5. Current Status

Our Project has today 280 children studying in different schools and classes:

- Nursery: 40
- Primary: 137
- Secondary: 75
- TVT: 25

- University: 3

Now, our Project facilitate beneficiaries and their families to get the Health insurance, facilitate Children in health care, health screening, HIV testing, giving them school materials, school fees, feeding children in Saturday program, hygienic materials, celebrating different events (Christmas, International day of fighting against AIDS, ...) and we follow thematic group's activities of caregivers.

THE NURSING OF Nyamagana PROJECT give the supplementary diet of children living with HIV

1.1.6. Role in the Church and at National level

Our Project seeks to empower the Church and community members to improve the life quality of most vulnerable families through Capacity Building, savings and credit, livelihoods, health, Child protection.

Caregivers of rw 722 Hanika attended the training of child protection

We help also Children to meet together and discuss their problems in social life. When we support children indirectly income of their families increases and they give offertory and tithes, the Church becomes stronger and she is able to fulfill her mission.

In this way we contribute to the economic and health development of the people of Rwanda through caregivers groups, when the citizens are well fed and have access to medical care,

then they are capable of developing their nation. Children supported by Compassion International in their studies contribute to build country in different works area according to their qualification.

1.1.8. Partners

This Project is supported by Compassion International in financial and advice support, Shyogwe Diocese, Sector, District, schools, Health Centers and Hospitals.

1.1.9 Summary of planned activities

While our Project is in start up phase, our activities are based on office materials, children pledge, Children food, hygienic materials, kitchen material and some administration costs.

CAREGIVERS TAKEN HYGIENIC MATERIALS AT PROJECT

1.3 Realized activities

Whatever we planed has been realized, such as: we bought some office materials but not all, children pledge, Children food, hygienic materials, kitchen material and some administration costs and children received clothes, whoever, 5 children who have malnutrition received supplementary food. You will see attached planned activities and realized activities.

32 was confirmed in church with our Bishop in Nyamagana Parish

1.4 Encountered challenges and proposed solutions

We met some challenges:

- Market prices which changes day after day,
- Insufficient capacity to pay school fees to the children studding in boarding and TVT schools;
- Lack of mindset in caregivers' saving groups;
- Inappropriate Ubudehe Categories of caregivers which cause to the family to be not able to pay mutual Health insurance.

CONCLUDING REMARKS

At the end of this report, we are grateful to Compassion International/Rwanda Office for its financial and advice support, we thank the Church for its support and we would like also to express our gratitude to different persons who supported in accomplishing different activities in our Project.

PCD: NISABIRE Vincentie

HSW: NYIRACUMI M. Louise

Accountant: MBARUBUKEYE Evariste

Project historical background

The Project RW-744 GIKOMERO has the same vision as for our Diocese, but also has the Mission.

Project vision

Bringing the Kingdom of God in the Operating area of Shyogwe Diocese

Project Mission

Releasing children from poverty in Jesus name

Overall Purpose

The project is there as an advocacy for vulnerable children and to realize them from all types of extreme poverty in the name of Jesus. The project achieves its vision in four components, in order to facilitate children to grow up physically, Spiritually, Social emotionally and cognitively. The project waits to children to be Christian, to be developed economically, to be benefit to him-self, the Church, his family and his country. When a child is developed, his family became developed, and when family is developed in four components above cited, the country will be developed. This is the Vision in the same way the role of Project to Church and the Country in general.

Current Status

Our Project has today 220 children studying in different schools and classes:

- Nursery: 118
- Primary: 101

Now, our Project facilitate beneficiaries and their families to get the Health insurance, facilitate Children in health care, health screening, HIV testing, giving them school materials, school fees, feeding children in Saturday program, hygienic materials, celebrating different events (Christmas, International day of fighting against AIDS, ...) and we follow thematic group's activities of caregivers. Below you will find some photos showing how the Project is useful to change the Economic life of beneficiaries in general and the Church in particular.

This photo shows Rev. Alfred HABUMUGISHA teaching parents of project Children how to create small cooperative and to use them in the way to development

These are our Children cerebrating the International African day of Children

Role in the Church and at National level

Our Project seeks to empower the Church and community members to improve the life quality of most vulnerable families through Capacity Building, savings and credit, livelihoods, health, Child protection. We help also Children to meet together and discuss their problems in social life. When we support children indirectly income of their families increases and they give offertory and tithes, the Church becomes stronger and she is able to fulfill her mission.

In this way we contribute to the economic and health development of the people of Rwanda through caregivers groups, when the citizens are well fed and have access to medical care, then they are capable of developing their nation. Children supported by Compassion International in their studies contribute to build country in different works area according to their qualification. Below you will find some caregivers' activities to support the Church and some families

This photo shows Priscah's house built by caregivers' community work (Umuganda) and vegetables field we thought how to build it to fight against malnutrition.

This photo shows how Project Social workers help children's caregivers in their community work to find houses for whoever not has where to live

This house is the Project Office under construction. It is belonging to GIKOMERO Parish but it has been constructed on the Support of Caregivers' groups. They gave their forces through Umuganda and we thank them so much

Beneficiaries of Project

The primary beneficiary is children supported and their families. Children are classified in different age groups. The table below shows children respectively by age.

AGE GROUP	GIRLS	BOYS	TOTAL
3-5	62	56	118
6-8	54	47	101
TOTAL	116	103	219

1.1.8. Partners

This Project is supported by Compassion International in financial and advice support, Shyogwe Diocese, Sector, District, schools, Health Centers and Hospitals.

1.5 Summary of planned activities

While our Project is in start up phase, our activities are based on office materials, children pledge, Children food, hygienic materials, kitchen material and some administration costs.

1.6 Realized activities

Whatever we planed has been realized, such as: we bought some office materials but not all, children pledge, Children food, hygienic materials, kitchen material and some administration costs and children received clothes, whoever, 5 children who have malnutrition received supplementary food. You will see attached planned activities and realized activities.

1.7 Encountered challenges and proposed solutions

We met some challenges:

- Market prices which changes day after day,
- Insufficient school fees to the children studding in boarding and TVT schools;
- Lack of mindset in caregivers' saving groups;
- Inappropriate Ubudehe Categories of caregivers which cause to the family to be not able to pay mutual Health insurance.
- Lack of some infrastructures such as: Refectory, Toilets even for Project social workers even for Children, tables, kitchen.

Children use classroom to take their food and when they finish to eat the time of returning in Class is not respected.

GENERAL CONCLUSION

At the end of this report, I am grateful to our Bishop, diocesan staff, schools and health centers Directors who carry out the Lord's work and minister to the varied needs of our people.

I would like also to express my gratitude to different partners who supported the Diocese in accomplishing different projects. I hope when they will read this report, they will see how their gifts and prayerful support are making a real difference and bringing the merciful love of the Father to the lives of so many.

God bless you.

Rev Joseph SEHORANA
