## FROM THE DIOCESAN HUMAN RESOURCE MANAGER

***The Rt. Rev. Jered KALIMBA  
Bishop of Anglican Church of Rwanda,  
Shyogwe Diocese***

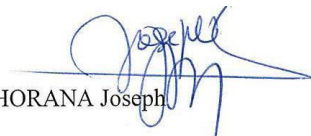

*It is my privilege to submit the Annual Report of the different diocesan services officers for the year 2017. This provides in part a portrait of the efforts, achievements and love that the heads of Services bring to our Church.*

*Diocesan Services want to continue their role to support parishes and communities in their activities to ensure their vitality. They want to help the Church in its mission to bring the Good News through each of its members.*

*Yet, this report does not tell all about the work done, it is always possible to communicate with the heads of Services for more information or to ask questions if need is.*

*To end, I am thankful to God for his protection and to everyone who contributed, directly or indirectly to the realization of the activities related to in this report.*

*Respectfully submitted,*

  
SEHORANA Joseph

***Diocesan Human &  
Material Resource Manager  
December 30, 2017***

## DEPARTMENT OF HUMAN & MATERIAL RESOURCES MANAGEMENT

The diocesan Human Resource Department helps to maintain organizational structure of the whole Diocese. It pioneers the promotion of good working relationship between employees and the diocesan administration. It also defines and assigns tasks for each employee working on behalf of the Diocese including: describe positions, rights and duties; ensure accountability and responsibility, etc. It provides favorable environment for employees. This process ultimately aims at helping them to develop their creative knowledge and skills and to increase employees' competence at work. Diocesan human resources department strives to bridge gaps between individual goals and Diocesan ones to reach a good harmony. Whenever there is a different vision amongst employees, the organization normally does not perform well. Thus, our department struggles to make a proper match between individual goals and diocesan visions prevail in order to utilize diocesan resources effectively and efficiently. Human resource department also tries to promote employees discipline and moral. This creates a healthy and friendly working environment through appropriate work design and assignment of jobs. Diocesan human resources department definitely focuses on achieving higher production and most effective utilization of available resources. This helps to meet diocesan assigned goals and objectives.

## 2. MATERIAL RESOURCES AND LAND MANAGEMENT

The overall objective of Material Resources and Land Management Unit is to ensure that resources are used and managed productively in support of equitable and sustained development and poverty reduction. Indeed, Shyogwe Diocese has important resources: land, forests, houses, and other movable properties. Our intent is to well manage these resources in order to make them productive and more profitable by the Diocese. We are convinced that, if all resources we have were well exploited, the Diocese could sustain itself.

## DEPARTMENT OF DEVELOPMENT

This report from Development Department and CCMP= Church and Community Mobilization Process, encompasses the work of the following working sections: UTSI= Unite de Transformation Semie-Industrielle, Mbayaya Pilot Farm and Training Centre, Low Price Limited, Saving and Credit program, Rural Development Programme, Ceramic Water Filter Project, and the actual work of Development Officer; the main work in this department is the implementation of MYTEC Project funded by Bread for the World. In addition to these major responsibilities, we do help in correspondence with David Dale Shyogwe Trust and Christian Hope International, and in the Diocesan Management Team.

### **Program Description**

The Department of Development in the Diocese of Shyogwe originates in the long Anglican tradition and strategy of preaching the Gospel in Holistic way. It is the conviction of the Church that the preaching of the Word should be accompanied by the demonstration of the reality of the Good News through good work especially done with the poor and needy. (Isaiah 61:1-4, Luke 4. 16-19, Matthew 26:31-39, 2 Kings 4:1-7.

Since the creation of the Diocese of Shyogwe in 1992, this department has been instrumental in preaching the Gospel through practical work aiming at helping the communities to solve their problems related to food security, water supply, land management, environmental protection and economic growth, health and sanitation, peace and human rights. The Department is also responsible to help the Diocese in making projects for institutional development.

### **Status**

Currently the work we do focuses on CCMP whereby we target 50 Chapels in 14 Parishes in which we want to work with 20 families in every chapel. These parishes are: Nyabinoni, Murehe, Ngaru, Mutara, Rubona, Nyarugenge, Cyimana, Mpemba, Rushoka, Cyeru, Rugobagoba, Mbayaya, Kiyonza, Runda. We do coordinate all other Diocesan services involved in social and economic development except those under Women and Youth Departments. We do also help in Diocesan administration through correspondence and meetings with our partners. In Saving and Credit Program we have now functioning groups being taught how to initiate small income generating projects so that they can use their savings and loans for investment. Mbayaya Pilot Farm and Training center continues its activities in animal rearing and agriculture focusing now on rice growing, cassava growing, and pineapple and fruit trees. The most challenging issue all these programs are facing is the lack of sustainability. They all depend on outside donations and people in the parishes confuse the programs with the staff that coordinate them. Using our local available resources such as church land is still problematic in many parishes. However, we are thankful that in

collaboration with Bread for the World, we have fund to upgrade quality and safety at MYTEC, the work has started in March 2017, and its work is going on well.

### **Role in the Church and at National level**

This program seeks to empower the Church and community members to improve the life quality of most vulnerable families through Bible study, Capacity Building, savings and credit, livelihoods, health, water and sanitation, environment protection and modern Agriculture. Bible studies help Christians to meet together and discuss their problems at grass-root level help the Church members to grow spiritual and to overcome conflicts and sins. When their income increases and they give offertories and tithes, the Church becomes stronger and she is able to fulfill her mission.

In this way, we contribute to the economic and health development of the people of Rwanda, what leads to the increase of national food production and economic growth. When the citizens are well fed and have access to medical care, then they are capable of developing their nation. In this way the church contributes also to stability of the country. Currently the Government of Rwanda through Muhanga District has made an agreement with Shyogwe Diocese so that we can help in implementing and monitoring GIRINKA and VUP in Kibangu and Nyabinoni Sectors. This work was done excellently and we have entered the second phase.

### **Beneficiaries**

The beneficiaries of these programs include the following:

- 14 parishes in which CCMP is being implemented. These are Mpemba, Cyeru, Mutara, Cyimana, Ngaru, Nyabinoni, Rubona, Mbayaya, Shaki, Murehe, Runda, Kiyonza, Rugobagoba, and Kiyonza.
- Parishes of Shaki and Gasharu which are being helped to build up health Posts.
- The work we do with David Dale Shyogwe Trust and Diocesan friends from Ireland is benefited by various parishes, schools and individuals throughout the Diocese. Here we can mention, Mbayaya Pilot Farm and Training Centre, Zion Nursery and Primary School, Rugendabari Vocational School, Shaki Dispensary, Zion Educational Center.
- Shyogwe and Gikomero Health Center, which are supported by Christian Hope International by paying one nurse in each Health Center.
- 7,763 people who work with saving and credit groups who have access to improved quality of their lives.
- MYTEC students as we extend the buildings, tools and equipment of MYTEC with financial support from Bread for the World.
- 20 families in Gisanga Parish who are the beneficiaries of the livelihood project supported by Christian Hope International.

14	Providing catering, accommodation and entertainment services to generate income	Nikuze Francine	Jan.-Dec	Muhanga District	The total income is 54372565 Total expenditure Is 47,269,875 The Net Profit is 7,100,690
15					

### Innovations

The starting of Ceramic Water Filters is a unique idea in the whole of Muhanga District. The production of these filters has started and we have been given the Certificate of quality standards given by Rwanda Standard Bureau. We have been blessed by the visit of the delegation from Germany in the Ministry of Cooperation who do support us through Bread for the World.

### Self-Assessment

It is always necessary to do self-assessment, but we are not satisfied with our results. It seems that we are involved in many things and it is not easy to objectively evaluate our results. In addition, as we have mentioned above we are very dependent upon outside donations.

## SAVING AND CREDIT DEPARTMENT

In Saving and Credit Association Program based on Church in Anglican Church of Rwanda, Shyogwe Diocese which works in 33 parishes, 123 local churches out of 152 local churches in our diocese we have (462) groups that are composed of 7,785 members of whom 4754 are female and 3031 are male. These people get to save in two ways: ROSCA (Rotating Saving and Credit Association) and ASCA (Accumulative Saving and Credit Association). . The savings we have throughout the whole Diocese are worth (101,804,471 Rwf).

### REALIZED ACTIVITIES IN 2017

GOALS	ACTIVITIES	WHEN	WHERE	COST	INDICATORS	CHALLENGES
1. CA members living Christ centered life	1. We have encouraged SCA members to share the Holy Scripture at the time of meeting by support of Scripture books they were given.	Jan-Dec	All groups	175,000	450 Groups was been discussing about word of God at the time of meeting.	SCA members meet on Sunday and they do not share the word of God because they mindset that they heard it during prayer service, this is the problem because group members still are not understanding the use of sharing the Word.
	2. Evangelization through showing films to SCA members, Church facilitators and Christians in general.	June-December	10 Parishes	50000	307 people were hear Holy Scripture through films	Power failure where we went to show films if church leaders would not play their role.
	3. Group members' prayer services in order to get acquainted, sharing the word of God and strengths.	3-12	All parishes	218000	In every parish there was been a Prayer service which will be attended by all Group members	The weakness of church facilitators and parishes leaders
2. Improved quality work of groups.	1. We have registered groups by checking which group ended	Jan-March	All parishes	175,000	462 groups was been reregistered	The weakness of church facilitators.

	activities and restarted ,groups which ended and new groups					
2.	We have made reporting system better and filling of saving books by providing them format and teaching them how to fill them.	Jan-December	All groups	240,000	462 groups was been given formats every month for reporting and before given formats they will be taught how to fill it, and in their books.	Misunderstanding of groups members.
3.	We have emphasized group members not sharing their savings through working on long lasting goals.		All parishes	330000	81 groups was been trained.	
4.	Encouraging come apart groups to rejoin and restart	Jan-December	All parishes	123000	25 ended groups were restarted and work better	In case they ended with conflicts among them, they had not to meet again.
5.	We have visited groups at the time of meeting in order to check their functionalities, testimonies for achievements, providing advices where necessary and thanking them for achievements.	Jan-December	All parishes	1320000	462 groups was been visited	
6.	We have trained new groups to be inputted into	1-12	All parishes	160000	462 groups was been trained on	

	our system				different lessons	
	7. We have helped church facilitators to work well their job of providing reporting formats, airtime and being given different trainings.	1-12	Diocese	3,600,000	35 Church facilitators was been trained and given materials which would help them to visit groups.	
	8. we have emphasized SCA groups to work with financial institutions	1-12	All groups	175000	50 groups would create accounts in banks that they would be wishing to work with.	There were groups that share their savings in ROSCA system; those groups couldn't get money to save on bank. Other groups were located in far places where they could reach banks.
	9. we have helped groups to get saving books	5-12	All groups	137100	In 45 groups every member was been having saving books.	Group members had not to accept those books because they would be having to pay them
	10. we have trained groups to do businesses	5-9	5 parishes	175000	42 groups was been trained	Lack of materials or groups which should not be proud
3. To interested Christians to be members of SCA programme.	1. We have sensitized Christians who were not members of SCA groups to join.	1-12	All parishes	175000	327 People who were not SCA members would join SCA groups	Christians had to refuse to attend this program.
	2. We have sensitized local churches which do not have any group to have.	1-12	10 local church	120000	10 groups was been created from those local churches	If Local church leaders were not engaged in this and let them to diocese only.

	3. We have created new groups	1-12	All parishes	120000	30 Groups was been created and would be added to 432 groups we have to 462.	If people were not engaged in this.
	6. Creation of new groups in Mothers Union	3-12	16	175000	4 parishes in archdeaconry.	Poor understanding from women.
<b>TOTAL</b>				<b>7,618,100</b>		

#### NO REALIZED ACTIVITIES IN 2017

	4. Awarding groups, which did not stop working from 2008 and reported without stopping.	11	4 parishes	100000	1 group in every archdeaconry was been awarded	Lack of awards
	5. To award parish which works well with this programme	11	4 parishes	50000	1 parish in every archdeaconry was been awarded	Lack of awards

#### SUCCES ACTIVITIES IN 2017

ACTIVITY	NUMBER	VALUE OF EACH ONE	VALUE OF ALL	THE PLACE WHERE ACTIVITY DONE
Goats	2590	10,000	25,900,000	30 Parishes
Hens	2530	5,000	12,650,000	21 Parishes

## YOUTH DEPARTMENT

### I. Introduction

I am so grateful for God's love to us. He is the foundation of wisdom and knowledge and I cannot forget that our daily life and future situation depends upon His will. Without his guidance, we can't do anything.

I want to express my heartfelt indebtedness to my Lord Bishop the Right Rev. Dr. KALIMBA Jared Bishop of Shyogwe Diocese, all Diocesan staff members and pastors for their professional guidance, constructive ideas and encouragement given to the youth department. Your support will always be of enormous value.

In this report, details of the youth activities that have been carried out in 2017 are highlighted.

It shows general introduction, describes program activities and how they were carried out, and indicates challenges and suggestions for improvement in the future.

#### 1.1. Program Description

##### 1.1.1. Historical Background of Youth department

Youth activities have been of massive value since the diocese's beginning in 1992. The youth department started on 1<sup>st</sup>, 2006 in response to the needs that were witnessed within the local community.

The department targets individuals between the age of fourteen and thirty-five years old classified from here on out as "youth people." Many of the current church members within our diocese are young people and yet there are very few projects or initiatives that target their social and economic desires.

As a result the diocese decided to begin to actively engage in supporting them recognizing that the majority of these young people are the current and future generation that will participate in the church in various ways as servants of God. With the identification of this crucial element it has become vital for the department to invest in this group of people.

The main issues that have been indicated among the youth of Shyogwe Diocese are problems concerning poverty, unemployment, juvenile delinquency, prostitution, gang crime, drug abuse and alcoholism. The department's aim is to help young people overcome these challenges by developing a variety of programs that will cater to their needs.

It is our hope to see the youth of Shyogwe Diocese and Rwanda as well being transformed both spiritually and physically, stand firm in their faith and also being well empowered hence, to make a positive contribution to the church and their community through their positive performance.

### **1.1.2. Vision**

The vision of the youth department is to bring God's kingdom to the young people of the Shyogwe Diocese with justice, love and life in all its fullness.

### **1.1.3. Mission**

To transform the lives of the youth in Jesus' name and enable them to live fulfill lives by meeting the needs of their body, soul and minds.

### **1.1.4. Overall purpose**

To facilitate the improvement of the living conditions of the youths starting with their home cell group and to promote youth initiatives aiming at bring a holistic transformation.

### **1.1.5. Current Status**

Based on the remarkable achievements and ongoing activities together with the Diocesan's plan, there is much hope for future progress which will lead to sustainability in this department.

### **1.1.6. Role of the church and national development**

Through this department, the church is playing a big role in developing young people in a holistic way by targeting physical, emotional, spiritual and economical needs. Changing youth lives goes beyond changing external circumstances. The hope and inner transformation that comes from knowing Jesus provides the foundations for the most profound human development to occur.

### **1.1.7. Beneficiaries**

The youth in the diocesan operational area are our beneficiaries. This means the Christians both married and unmarried between 14 and 35 years old.

### **1.1.8. Core values**

The core values are following: Integrity, Excellence in service and Dignity.

### **1.1.9. Partners**

Some of our major partners include Shyogwe Diocese departments and institutions, UEM, PEAR, CPR and Muhanga District.

### **1.1.10. Organization and implementation policy**

In order to achieve our goals we have different committees from diocesan level to chapel level. Each committee has a chairperson v/chairperson, secretary and advisers.

We do have mentors in all archdeaconries; these are the pastors who are committed to working hand in hand with the youth in their respective archdeaconries.

### **1.1.11. Acquired experience from the previous implementation**

So far I have acquired much experience from the former leaders and their previous implementation.

For example, much has been learned from Ndiza archdeaconry where the youth are the most active in their parishes simply because of good leadership.

### **1.1.12. Program sustainability**

Sustainability of this department has been challenging because of the limited resources to help accomplish the many and different goals.

## **1.2. Program Activities**

### **1.2.1. Summary of the activities that were carried out;**

The following are some of the activities that were covered during the year of 2017

Organized prayers, fellowship in archdeaconries,

Organized friendship football match,

Visited parishes and archdeaconries in such way that we interacted with the youths from their places of residence,

Encouraged saving and credit groups in order to help improve youth welfare,

Promoted youth activities in relation to the church's development,

Carried out a census of the youth in order to identify their needs and socio-economic living conditions with an aim of helping them to come up with new initiatives

Promoted saving and credit co-operatives and farming co-operatives in order to help improve youth welfare.

Encouraging youth groups, choirs and sports teams to improve community cohesion and team work.

### **1.1.2. Details of the activities that were carried out**

In this year, a number of activities were carried out and the following are some remarkable achievements:

#### **a) Religious activities**

We encouraged youth to be involved in the church activities such as cell groups' fellowships, leading services and preaching among others.

We also strengthened youth choirs in all archdeaconries; this has brought incredible change in the church because young people who attend Sunday services are increasing.

The most influential systems used are choir visits, the youth gatherings, worship and learning how to lead life of discipleship. Hence, Pastors in different parishes had specific time with youth in order to challenge, teach and fellowship with them. Inzira y'ijuru choir from Gahogo Parish visited Inzirijyamwijuru Choir in Hanika Parish and this strengthened their relationship and made an opportunity to learn from each other.

We continued to create further opportunities to youth to grow in and explore their faith in Christ. This helped youth to share experiences and plan for their future. Below is Rev. KARASIRA Prosper who visited the youth at MYTEC and shared many life experiences with them.

In this year also Hanika Archdeaconry organized an Evangelical convention in different parishes and the farfetched change is happening in the church because of people who got saved. The gatherings were attended by a good number of young peoples, among them 34 accepted Jesus Christ as their personal Lord and Savior for the first time, the 172 who were backsliding were strengthened and decided to come back to Jesus Christ.

*Evangelical convention in Nyamagana parish*

We know and believe that the Gospel has the power of salvation and renewal that is why in collaboration with Nyarugenge archdeaconry we organized one day Evangelical youth conference. It was attended by 357 peoples, among them 6 accepted Jesus Christ as their

personal Lord and Savior for the first time, the 45 backslidings were strengthened and decided to come back to Jesus Christ.

**Arch Munyaikazi and youth committee**

Youth department put much effort on mobilizing university students, to be active and being involved in different activities according their convenience time. In addition, the students realized that several churches in close proximity to their schools , for one reason or another, lacked strong evangelism programs and would likely accept assistance in that area should it be offered. Students joined with the local churches in order to evangelize the communities around them and connect those whom they evangelize directly to the church body in order to ensure that they are properly disciple.

*The pictures above shows Rev. Prosper KARASIRA speaking to Shyogwe students who are studding at Butare campus during their part.*

The Boys' & Girls' Brigade is a youth program serving boys and girls globally in church. It is aim is to develop leadership skills, explore new ideas, foster relationships with peers and adult mentors, and challenge themselves to achieve their goals and dreams. From that point of view Butansinda Parish has encouraged its youth to begin this program in partnership with Boys' & Girls' Brigade of Kibungo Diocese.

It was also an opportunity to share the following :

Youth is not only the future, but God's gift to the Church and society today

Youth ministry is vital to helping teens integrate into the larger, intergenerational community of the church.

Through Tubashake program youth are bringing and inviting those who are not already part of the church into the deeper narrative of God's plan.

Teenagers are not marginalized members of the body, but co-creators and conspirators in the divine work of the church.

Youth ministry helps the church focus on the way of Jesus, which goes beyond tradition, dogma, and work and stay relevant to every body .

The pictures above show a group of boys and girls brigade from Kibungo Diocese in Butansinda Parish.

We further encouraged youth to attend bible study at their respective cell groups for their spiritual growth.

#### **b) Self-reliance activities**

In this year, the mentors (Pastors in charge of youth in archdeaconries) and youth committees played a big role to endorse saving and credits co-operatives and farming co-operatives in order to help them improve their welfare.

We promoted saving and credit groups and we are delighted that youth at Ndiza , Hanika Nyarugenge and Shyogwe Archdeaconries are striving to develop themselves through this program . Henceforth we are proud that youth at Nyarugenge Archdeaconry have managed to save 210.000frw in this term and at Nyamagana, 320.000frw. This program also helped church leaders to build up a good relationship among the youth and teach about HIV/AIDS saving and credit programs and many others.

#### **c) English learning activities**

Youth at Nyabinoni started an English class for 33 youth and church leaders including Rev. Canon Faustin Nyabinoni Parish priest next term they will graduate. It created a room for us youth leaders to encourage all youth and Christians at large to participate in this endeavor and to consciousness the role of the youth in both the church and community;

#### d) Sports activities

As the Gospel has the power of salvation and renewal, Ndiza archdeaconry organized matches of football tournament for boys and girls, this straw-hat based on the new evangelism approach entitled TUBASHAKE (Go teams: Gospel outreach teams). Where people meet at play grounds and shared the word of God and then after played football. These events encouraged many people to turn up and thus creating an opportunity for us to reach the word of God to them.

#### e) social activities

Youth department started enjoying being a part of Family life department. Hence Rev. Prosper started participation in Family life commission and mobilization of youth towards achieving goals of family file department.

Our God has already given us everything pertaining to life and godliness, including the principles and models of ministry in the Scriptures. As the world changes with unprecedented speed, young people are proving to be invaluable partners who can advance meaningful solutions. Hence the university students together with youth of Hanika archdeaconry helped a genocide survivor woman at Musamo local church by making bricks because she had a great need of a new house. They also gave her rice, soap, clothes and a goat.

Youth making bricks at Musamo

During this Easter holidays youth in Gitarama Parish were mobilized to clean the house of Pastor which is under construction.

Youth at Gitarama parish

We encouraged the youths to establish anti-HIV/AIDS clubs to encourage them to get tested, to help the youth to know how to take care of their lives and the environment in general.

### 1.2.3. Innovation

The mentors played a substantial role in conveying youth in different activities and became their voice in the priest's family.

#### **1.2.4 Self -Assessment**

Though it may seem that we have achieved a lot, we still have a long way to go towards achieving our goals.

#### **1.2.5. Encountered challenge and proposed solutions**

Our biggest challenge was the limited resources to help us accomplish our goals and not only limited finances, but also lack of enough skills and time.

We are also lacked enough programs and projects, thus we call upon all of you parents, leaders, and anybody with an idea, to come together with us to draw up a youth program that can be sustainable and suitable.

I would like to call upon everyone who has a godly heart to use their given talents and experiences to build up youth department for today and tomorrow's generation.

Our church is expanding and growing steadily day by day and this calls for more resources and youth in special ways coupled with elaborating projects that can raise income.

#### **1.2.6. Expected challenges and mitigation Measures**

The major challenges that are expected are all about youth mind set and the limited financial resources. Measure is just keep teaching them self-reliance.

#### **1.2.7. Planned activities and envisioned general policy for the next years.**

- Encouraging the youth group choirs and sports teams to improve community cohesion and teamwork
- Visiting the parishes and archdeaconries in such way that we will interact with the youth at their places of residence.
- Organizing the prayer and services in the parishes and archdeaconries.
- Planning to work with students during coming long holidays.

**Rev. KARASIRA Prosper, Head of Youth Department**

## EDUCATION DEPARTMENT

### Introduction

I am so thankful to God who is the source of wisdom and knowledgeable deeds as I cannot forget that our daily life situations depend up on His will and without His guidance we can't do anything.

I want to express my sincere thanks to my Lord Bishop the Right Rev. Dr. KALIMBA Jered Bishop of Shyogwe Diocese, all diocesan staff, District officers, head teachers, parents and students for their professional guidance, fruitful ideas and reassurance given to us in this department. Your support is very much appreciated.

This report contains general introductions, describes program activities and how the program was carried out. It also indicates challenges and obstacles with plans for improvement.

### 1.1.Program Description

#### 1.1.1. Historical Background of Education Department

The Education Department has been in existence before the birth of Shyogwe Diocese in 1992. Education offered by the diocese is an education that meets the needs of the community. It is helping the Rwandan community in achieving the Millennium Development goals which coincide with the strategic objectives formulated by the government of Rwanda in the document entitled "vision 2020."

So far we have 37 Nursery schools, 25 Primary Schools, 14 Secondary Schools including 9 Nine Year Basic Education Centers, 3 Twelve Year Basic Education centers, two School of Excellency (G.S. Shyogwe and Muhanga Teacher Training Center), 2 Technical Secondary School (T.S.S) and 7 Vocational Training Centers (VTCs). In addition, Hanika Anglican Integrated Polytechnic which is a technical university. Education is the largest part of the strategic plan that helps us to spread the word of God and it works as an important instrument of change in the community. It is in these schools that we groom the future leaders of the church and the country. Through these schools and partnership with the government many people are able to get jobs to sustain their families.

#### 1.1.2. Vision

The vision is to equip men and women of God with knowledge and skills by providing holistic and relevant quality education and training.

#### 1.1.3. Mission

Is to ensure quality education and support the government's efforts in education and to contribute to the social, spiritual and economic development of the Rwandan people.

#### **1.1.4. Over all purpose**

To prepare God fearing, literate, informed and developed Christians who will serve in the church and society.

#### **Objectives**

- To equip students with relevant skills so as to meet the challenges facing the church and society.
- To offer quality training, which is relevant to the growing spiritual, social and material needs of the church and society.
- To coordinate and deliver training and development initiatives to the diocese and society.
- To provide education and training that produces natural, responsible and ethical leaders both in church and society.
- To establish a culture of innovativeness, creativeness and personal growth.

#### **1.1.5. Status**

This department gives hope for the future based on some incredible successes and the excellent collaboration with all stakeholders and many others.

#### **1.1.6. Role of the church and national development**

Through the Education Department, Shyogwe Diocese is committed to contributing to the education of the people of Rwanda through its work with the government and other partners.

The diocese is dedicated to contributing to our country through construction and rehabilitation of classrooms, providing school tools and teachers in order to achieve education for all and improving the social welfare and economic development of Christians and Rwandan people in general.

#### **1.1.7. Beneficiaries**

All Rwandans are beneficiaries.

#### **1.1.8. Motto**

Educating for Excellency in Jesus' name

#### **1.1.9. Our Partners**

The government of Rwanda, CPR, 4 Districts (Nyanza, Ruhango, Muhanga and Kamonyi) UEM, Parents and other education stakeholders.

#### **1.1.10. Organization and implementation policy**

The Bishop of Diocese, Diocesan Administrator, Diocesan Education Commission, Head of department, head teachers, teachers and volunteer workers. We also have several committees

to coordinate programs such as, Education committee, Twirerere Abana Education Fund committee, School Management Committee, Parents committee, Teachers committee and Students committee.

#### **1.1.11. Acquired experience from the previous implementation**

We acquired experience from the implementation of Twirerere Abana Education Fund and the commitment of the stakeholders to show that self-finance is possible.

### **1.2. Program Activities**

#### **1.2.1. Summary of the activities that were carried out**

- Visited schools and controlled hygiene, the use of new curriculum and pedagogical materials.
- Attended the meetings linked to Education both for the Church and Government.
- Made quarterly reports for education activities.
- Mobilized schools to teach religion and carry out other Christian activities.
- Strengthened Partnership and kept in touch with volunteers
- Reinforcing collaboration with other Public bodies like CPR, among others.
- Coordinating activities of “**Twirere Abana Education Fund**”.
- Followed up the activities of education Projects.
- Monitored and Evaluated of Schools management
- Promoted Christian Ethics and Values in our schools, Partnerships and Projects.
- Posted both teaching and administration staffs according to vacant posts.

#### **1.2.2. Activities Carried out**

**In this year, a number of activities were carried out and they include the following;**

##### **a) Religious Activities**

Despite many changes in recent decades, Christianity still has a significant place in the religious education curriculum in Rwanda. It is unsurprisingly a central part of religious education within the Christian-based schools of religious values, but is also an important part of the curriculum in community schools. Under current legislation, religious education must ‘reflect the fact that religious traditions in this country are in the main Christian.

It is in this regard that we encouraged the teaching of religion and other Christian activities in our schools based on Christian ethics and values. This led us to celebrate events such as baptisms and confirmation. The Rt. Rev. Dr. Jered KALIMBA, Bishop of Shyogwe Diocese conducted a confirmation service at Shyogwe cathedral; where 20 students from Group Scolaire Saint Etienne and Group Scolaire Shyogwe were confirmed.

In collaboration with Church of Apostles USA, Shyogwe Diocese through Education and evangelism department started new approach of evangelism in schools by showing students a movie about Jesus Christ. This was done well in different schools which encouraged many students to understand the ministry of Jesus Christ and thus 50 students were able to surrender their lives to Him. Among these students, some accepted Jesus Christ for the first time while other who had gone astray returned to the way of repentance.

In this year, a very big event took a place at G.S. Shyogwe, where the Rt. Rev. Dr. Jered Kalimba and Bishop Mbonyinge of Kabgayi Diocese, inaugurated a chapel built in that School by catholic community.

*Bishop Dr. Jered Kalimba and Bishop Mbonyinge during inauguration ceremony at G.S.Shyogwe*

We organized a first meeting of chaplains teaching religion subject in Shyogwe Diocese schools and we came up with many strategies which will help us to strengthen the Christian and Ethical values in our schools. And hope to see positive changes in the near future. Protestant Council of Rwanda ( CPR ) was invited and for sure the contributed a lot in that meeting from their experience.

#### **b) ICT Activities**

Shyogwe Diocese is very much interested in the School Management Programme that aims at increasing competence of the team involved in school management within all its schools. Integrating

school management and leadership training in our education system enables school managers to achieve more effectiveness and equality in education. From this point of view the Rt. Rev. Dr. Jered Kalimba , Bishop of Shyogwe Diocese visited GS Saint Etienne at Shyogwe . During his visit he witnessed the level of children in ICT whereby He saw how pupils are able to use computer in micro-soft word.

*Bishop Dr. Jered KALIMBA addressed people during his visit at Saint Etienne.*

### c) Education week activities

A primary role of education is to equip people with the knowledge and confidence to make a difference in the transformation of society. Providing students with content knowledge, values, attitudes and behaviours that align with those expected in a society. In this context, we organized education week from school level to the Diocesan level and the closing celebration took a place at Hanika AIP. The Right Rev. Dr. KALIMBA Jered, Bishop of EAR, Shyogwe Diocese and Mayor of Nyaza District addressed the attendants and gave them very important messages.

During the education week, students were given a chance to exploit their talents and with this many students competed in giving poems, songs and graphic art. The education department organised a topic which was used as a reference by the participants during their competition. The topic was “*Nuko mugende muhindure abantu bo mu mahanga yose abigishwa. (Mt 28:16-20)*”. The students that won in each category were awarded somethingssuch as Scholastic materials, clothes and money.

*Bishop*

*Jered with all students that won in each category and who were awarded something*

We visited schools like Gahengeli Primary school, EP Gishali, Group Scolaire Gikomero, Hanika AIP and Group Scolaire Nyamagana where we controlled the use of new curriculum and pedagogical materials and hygiene. In addition, we worked hand in hand with the teaching and administration staff as well as pupils to oversee schools’ management, teaching realities among other things.

We also visited Hanina AIP and shared with them the strategies on what to be done in order to increase the number of students and resolving the challenges there are facing;

*Education commission visiting AIP students during class work and mechanical workshop*

The Diocesan Commission of Education, Pastors and Archdeacons we visited 4 schools namely G.S. Shaki, GS Murehe, GS Nyabinoni Gishari Primary school. We controlled the use of new curriculum and pedagogical materials, hygiene among others. In addition, due to above visits we worked hand in hand with the both teaching and administration staff as well as pupils to oversee schools' management, teaching realities among other things.

#### **d) Health and sanitation activities.**

On the part of health and sanitation, Diocese of Shyogwe encourages all the schools to maintain good hygiene. Ntenyo primary school was emerged the best school in cleanliness in southern province and was awarded a prize where by the province will construct a pit latrine that will consist of 12 rooms.

In collaboration with government, we have started a noble program of giving milk to children in some of our schools. Below are pictures showing Nursery children at Kavumu chapel being served milk?

#### e) School management and Maintenance activities

**A major role of education is to equip people with knowledge, skills and poise to make a difference in the transformation of society.** In addition, education helps instill values, attitudes and behaviors that align with those expected in a society. Hence, we worked hard to make sure diocesan schools were well managed, and that educators are providing relevant skills. From that point of our view diocese recruited new director of Vunga Training Center, Due to the fact that the former Director passed exam to the position of executive secretary of Sector in Ruhango District.

*The students welcoming a new director of Vunga Training Center*

*Vunga Board welcoming the Director*

The educational furniture should be considered as an investment in our schools .Hence, choosing high quality furniture is top priority in Shyogwe Diocesan's schools. Quality equipment plays a vital role in education and can even improve learning environment. School furniture includes desks, chairs, tables and shelves among many other pieces and the ingredients that make each piece quality depend on its particular functions. Both the students and teachers of a school use their desks as a primary piece of furniture in the learning process. Good-looking furniture creates a positive environment and promotes better attitudes towards learning. GS Murehe purchased new desks as shown in a picture below. Those desks where made in Muhanga Youth Technology Centre (MYTEC).

#### f) Sports activities

The Sports is a good tool for academic success and enabling people to live a better life. From this point of view, we encouraged our school to join the competitions in their respective districts. That is why Zion Education Centre boys' team became a champion at District level in basketball primary competition in Muhanga district.

On the level of secondary schools, TTC Muhanga won a trophy at the district level in football for girls and represented the district of Muhanga on regional level in southern province.

Hanika Technical Secondary School girl's team is the champion at school National level in Handball.

*Hanika Technical Secondary School girls team is the champion*

### **g) Performance appraisal activities**

Rwanda Education Board (REB) has awarded a cow and a laptop to an outstanding teacher from TTC Muhanga who was selected from across the southern Province. A representative of REB in that ceremony said the teachers were selected depending on their performance at school and in the community around them. The laptops are meant to support teachers in doing research and innovation. He further said, “We selected teachers depending on their work and impact on students seen through national exams. We also looked at their conduct in community”.

We are obsessed with great teaching in TTC Muhanga a Diocesan school Training a primary teachers. We believe it is essential to recognize the work of our best teachers, to learn from their experiences, and to support them in their growth. We attended the function and encouraged his fellow teachers to work hard so that they can also be among the next teachers to be rewarded for the hard work.

We Strengthened Partnership and helped new four volunteers from Germany working in our schools and three of them are from Eine Welt Netz NRW organization. The two volunteers are currently in Hanika AIP, another one is working in Saint Peter College of Shyogwe, and then one volunteer from United Evangelical Mission (UEM) is working in Muhanga Youth Technology Centre (MYTEC) and Zion Education Centre (ZEC).

In the last decades, Shyogwe Diocese has recognized the critical contribution that volunteering makes to build a strong and cohesive Education. It has promoted volunteering as the essential act of Education system, a means for combating English language problem, and an important contributor to the delivery of high quality education in our schools.

We participated in different meetings for teachers, head teachers, and other stakeholders. We tried our best to ensure good collaboration and cooperation with partners of the diocese in the education sector. We also reinforced collaboration with public bodies like Protestant Council of Rwanda (CPR) and Education departments of other churches among others.

#### **h) Students' Valuation activities**

Diocesan TESTS in different examinable subjects are always prepared for students to do in preparation for the national examinations. This helps our schools to make sure that no student is left behind as we strive for good performance. Hence Students, Teachers, administration staff have the roles to play in order to achieve better results. This study draws together results from various data sources to identify how the new accountability systems developed in response to influence of these tests to students' achievements.

We therefore thank God that a fist student in southern Province in the academic year of 2017 is from Group Scolaire Shyogwe. This was not an accident but an achievement through joined hard working.

Below is the summary of the results of Diocesan TEST year, 2017.

#### i) Social relations activities

In this year also education department and different schools played a big role towards strengthening the Partnerships and we kept in touch with the volunteers. We also facilitated Diocesan guests as far as education is concerned. Below are pictures of delegation from Japan who have the partnership with TTC Muhanga during their friendship football match.

A delegation of People from Shyogwe Diocese in G.S Shyogwe 7 students, 2 teachers and head teacher visited Maria Montessori School in Germany, this partnership visit was organized by Partners in Düsseldorf together with Anglican Church in Rwanda Shyogwe Diocese towards celebration of 500 year of reformation.

A delegation of People from Shyogwe Diocese in G.S Shyogwe who Germany

In collaboration with UEM, 13 Students and 3 staff from Ruhija School of Music (Tanzania) visited Shyogwe Diocese. Hence, the guests expressed their thanks to Bishop Dr. Jered KALIMBA for the wonderful hospitality they received.

Students and staff from Ruhija School of Music (Tanzania) during their visit at Shyogwe Diocese

Due to good collaboration with police, G.S. Nyamagana got back their computers, which were stolen.

The schools of the Anglican church of Rwanda carried out events to remember their students, teachers and staff that were killed in 1994 Genocide against Tutsi.

The Rt Rev. Dr. Jered KALIMBA with people of Hanika School

### **1.1.1. Innovations**

TWIRERERE ABANA EDUCATION FUND is one of our innovations. In this year, we put much effort in its coordination and raising money.

Hanika Anglican Integrated Polytechnic is also one of our innovation projects. It is an institution of high learning to teach technical skills that are highly needed in Rwanda, which was started.

We promoted saving and credit co-operatives among the students and encouraged schools to learn from G.S. Shaki, which is in advance.

Below there are pictures of the boxes which are used for keeping money.

### **1.1.2. Self-assessment**

We are exultant with the work done in this department and good collaboration among the stakeholders.

### **1.1.5. Encountered challenges and proposed solutions**

We have overpopulated classes in the schools, which were built long ago. There is the need to reconstruct some of these old schools because they could collapse and fall on the students.

We are also asking for support for the “TWIRERE EDUCATION FUND” which is one of the solutions we have available to the Education Department because it will solve many problems concerning school infrastructure, teaching materials, training of the teaching and administration staff.

Five girls were found with unwanted pregnancies at GS Nyarugenge. We visited them and carried out a meeting with administration staff, teachers and parents in order to handle the matter.

### **1.1.3. Planned activities and envisioned General policy**

To coordinate all educational activities in the Shyogwe diocese according to our 2018 action plan.

#### 1.1.4. Expected challenges and mitigation measures

The large number of learners in the primary schools and the trifling number of students in our Technical schools may cause closure in the future.

**Rev. KARASIRA Prosper, Pastor in Charge of Education**

## EVANGELISM DEPARTMENT

Thanks to God's help, church members, leaders' commitment, and the support from the diocese's partners, the activities narrated in this report were accomplished in the year 2018. The main programs found in this report are: the theological training for Evangelists, Evangelism through conventions, Hymnody, and Jesus Film shows and main activities for the year 2018. We wish divine rich blessings to all people who contributed by prayer, ideas, and financial support to the success of these activities.

### I. Theological Training for Evangelists

The Bible and Development School organizes the Meeting with the Resource pastors and theologians to define the goals of the training, the admission criteria of the trainees, the modular courses, and to allocate the training centres. The achievements of this meeting are the following:

- Attribute the title of Evangelist to the graduate of the training; that is a preacher, candidate to the appointment of a Catechist, of a missionary parish leader and of parish leader.
- Attest the criteria for trainee's selection: Age: 18-50, Certificate of the Secondary School and beyond, faithful and active church member: moral and responsible.
- Affirming the following courses: Old Testament, New Testament, Church History, Homiletics, Liturgy, Church Leadership, Work of the Spirit (Prayer, Prayer Healing, and Spiritual gifts), Bible and the Development, Role of the faithful in the church's growth.
- Distribution of the Courses' objectives to Resource persons for Elaboration.
- Decision to establish the training centres within 4 Archdeaconries.

The Head of the Bible and Development School organized also the Meeting with Pastors and the Archdeacon at each one of the four Archdeaconries' centre.

- Common understanding on and appropriation of this training program by pastors and Archdeaconries.
- Commitment to select the trainees following the criteria and decide the number and location of the training centres.

- There are now ten training centres in Archdeaconries: Hanika (2), Nyarugenge (1), and Shyogwe (4).
- All Registered candidates are around 200.

Another Meeting of the Resource persons took place for exchanges on three teaching materials drafts: Old Testament, Work of the Spirit and Homiletics. This meeting also allocated two trainers to each one of 10 training centres.

## II. CONVENTIONS

- In the prayer ministry, there was the Diocesan Convention of Intercessors. Around 500 people attended this convention in the dates of 8-11<sup>th</sup> August, 2017. The theme of the convention was the becoming of true and growing disciples of Jesus Christ who can also make new disciples (Mt 28:16-20).
- One meeting was held at each one of the 4 Archdeaconries' centres in order to sensitize the intercessors to attend this convention said above.
- Hanika archdeaconry organized the convention for all choirs belonging to the member parishes of this Archdeaconry.
- Ten children of Sunday school represented Shyogwe Diocese in Sunday school children's convention of organized by the Province of the Anglican Church of Rwanda in Kigali.
- Hanika Archdeaconry organized also the Sunday school children's convention in the dates of 10-13<sup>th</sup> December, 2017. The concerned participants were the children of between 10-13 years old.
- Shyogwe Diocese hosted the pastors' convention organized by the Province of the Anglican Church of Rwanda in the dates of 4-8<sup>th</sup> December 2017. The theme was "Growing together in communion".

## III. Evangelism through Hymnody

In the Hymnody ministry, the Head of Evangelism department assisting Choirs for Audio production of their songs: Correcting the syntactic and theological errors, coaching about the harmonization of voices and melodies, and guidance during the studio record.

- Gerushomu Group from Nyabinoni parish recorded 8 Audio songs.
- 7 Songs by Ababibi Choir from Butansinda parish.
- 8 Songs by New Life from Shyogwe Parish.
- 3 Songs by Heaven's Light from Gahogo parish.
- 2 Songs by Inzira y'ijuru from Gahogo parish.
- 4 Songs by Enihakore from Gitarama parish.

#### IV. Evangelical Campaigns with showing the Jesus Film

- Jesus Film was shown to the Students in the following schools: Saint Peter College of Shyogwe, Teacher Training Centre of Muhanga, Groupe Scolaire de Shyogwe, and in Groupe Scolaire Saint Etienne.
- Jesus Film was also shown in parishes of Runda, Gikomero, Shyogwe (Murambi and Karama chapels Evangelical outreaches and Shyogwe chapel for to the children supported by Compassion International), Kayenzi chapel (in Evangelical outreach), Hanika (in the children's convention of the Archdeaconry).
- The elaborated Project Proposal for Jesus film show in Shyogwe diocese for one year was accorded funds from the diocese's partners.

#### V. TRAINING

- ❖ Shyogwe diocese hosted the Workshop of the Heads of Evangelism and of the Bible school/theological training centers organised by the United Evangelical Mission (UEM) for its member churches in the Africa Region. The Aim was sharing the UEM Evangelism Concept 2017-2020 which consists in the contextualization of the Evangelism theology and the production of contextual teaching materials for the lay preachers, evangelists and pastors.
- ❖ I attended the Workshop of the UEM Evangelism Contact Persons in Germany about the purpose and implementation process of the Evangelism concept said above.
- ❖ I also organized the workshop of the Heads of Evangelism Departments and those of the theological training centers from EAR Butare, Cyangugu, Kigeme and Shyogwe (in July) at Shyogwe, the workshop with those from the Baptist Community in the Central Africa (CBCA) at Goma in the Democratic Republic of Congo (December) and a Meeting with the Head of Theological training programs in the Presbyterian Church of Rwanda (in November) in Kigali (ISANO training centre). These workshops aimed at bringing awareness of the UEM Evangelism Concept 2017-2020 to the UEM member churches

##### **Challenges to the programs progress**

- Some candidates may be willing to attend the Evangelists' training but have no income source to enable them to pay for the transport fee and meals during the training.
- The difficulty to set up the common timetable of the coaching due to the availability of trainees (seeing their jobs, studies) and to the particularity of areas (distance to the training canters).
- The difficulty to find the transport and incentive fees for trainers of the Archdeaconry centres.

### Possible Measures

- Organization of the training timetable following the availability of trainees and choosing the training centres based on easy accessibility by trainees to reduce the related costs.
- Allocating the trainers to the residential archdeaconries to reduce the transport costs.
- Encouraging the financial participatory spirit in the trainees and Archdeaconries and sending the project proposals to the diocese's partners.

## FAMILY LIFE DEPARTMENT

Family life department is among the departments that operate in our Diocese. It is in charge of families in our diocese.

This department contains mothers union, health mums programme, VTC of mothers union in partnership with health mums programme, and Sunday school. Mother's union has 1750 members in Diocese. We have 41 savings and credit associations. Healthy mums Program in Shyogwe Diocese works with six parishes, which are Runda, Rugobagoba, Gitarama, Shyogwe, Gikomero and Hanika. By this current year of 2017, the project has 14 groups with 280 mums and 13 nursery schools, which have 505 pupils. In all groups and the activities are all conducted within 13 chapels of parishes mentioned above. Currently this department has art and crafts workshop, which works in mothers union.

**Our vision** is of a world where God's love is shown through loving, respectful, and flourishing relationships.

**The Aim & Purpose** is to demonstrate the Christian faith in action by the transformation of communities worldwide through the nurture of the family in its many forms.

**Our mission** The work of family life Department, contributes so much to the church and National development.

**The beneficiaries of family life department** are all church members and the community members around the church.

**PLANNED AND REALIZED ACTIVITIES**

NO	PLANNED ACTIVITIES	PLANE D EXECUTION PERIOD	ACCOMPLISHMENTS	EXECUTION PERIOD	PLACE OF PERFORMANCE	INDICATORS	USED BUDGET	CHALLENGERS
1	To visit Mothers' Union SCA groups in all archdeaconries. To move to the field to verify if the SCA groups of mothers' union have already started in all parishes	July - December	32/32 groups were visited Members were trained to manage well the group savings and making profit from the credits they are granted.	July-September	All groups	Report from those Parishes 36 exists and works well in Diocese	370,000	Because there are some groups of women, which ended badly, some did not join these new groups. Their leaders were not trained
2	Meeting with MU Presidents from all archdeaconries.	June - December	32/35 attended the meeting and was encouraged to restart the crusades for MU members. -To increase the groups for members. -To have MU documents, to record the contributions that they receive and encouraging members to	June-September	Archdeaconry of Shyogwe, Hanika, Nyarugenge and Ndiza.	Reporting, receipts where they will record the paid contributions were granted. Contributions, which are equivalent to 50000 RWFS, were give.	120,000	Members doesn't attend the crusades as they have to do, they have no creativity which can attract people who are not members. The bad beliefs about contributing the program are still a barrier.

			contribute more.					
3	Meeting with Parish leaders, their wives and presidents of mothers' union in all parishes.		Discussing on 5 objectives of MU		All parishes	We have found that every member had contributed 50 Rwf every month. We explained that we moved from 50 Rwf to 200 Rwf, Some understood and aimed to start. They filled a form, which shows the amount every member will contribute ; 23 out of 33 filled the form.	412,900	They decided that they are going to change, those who have not prayers said that they are going to set a day for prayers. Those who haven't activities said that they are going to start activities related to the objectives of M.U
4	Allowing in new members of M.U and F.U	January - December	87 members joined MU and 73 joined FU	January December	Nyagisozi ,Murehe Kirobozi, Kabuga, Gitarama and Muyebe	-These members are there and started to work together	250.000	New members join by looking what others do, when existing

					Parishes	with other members. - Reporting.		members are weak the new members becomes weak too.
5	Welcoming guests from HMP who came in evaluation	August	We received 5 guests from Canada. They trained 14 groups with 280 members and they evaluated what program helped them, they also trained 14 teachers who teaches in nursery schools of the program. They contributed the materials whose cost is 500000rfs.	August	Runda Rugobago ba Shyogwe Gitarama Hanika and Gikomero.	Reporting and Pictures. Those materials are there and are used in schools.	400,000	Beneficiaries want to develop but they have low capital. We have poor families who cannot send children in schools and who cannot pay health insurance.
6	Launching CAP Shyogwe Project.	September	<b>CAP (Chicken Against Poverty ) , it has the following objectives :</b> Increase household Income/capital Strengthen a good relationship	September	Runda Rugobago ba Gitarama and Shyogwe	140 hens were granted in 7 groups composed of 20 members in each group.	50,000	The chickens are modern, which is difficult for some members, 5 were died.

			with God through offerings Building and strengthening the culture of saving and use of loan Fighting against malnutrition and Improving of health Uplifting the pre-school program					
7	Production of mother's union	January - December	Increasing arts and crafts and selling them.	January - December	-	New crafts were purchased and the income were deposited on bank account.	615,000	We are still facing the problem of low capital and customers are not increasing because of our location.
8	Welcoming and hosting the guests of Mother's Union.	September	We had a guest from Marry Sumner who came to visit MU activities in PEAR and she reached in our Diocese. She visited the group of mother daughters and she had	September	Gikomero	Members and Gikomero Parish were pleased by her visit..	35,000	She visited a girl who gave birth twice and her mother is an MU member which shows that our MU members doesn't care about their children's behavior.

			conversations with them. She was pleased by MU which is helping them.					
--	--	--	---	--	--	--	--	--

9	Visiting and training HMP groups.	June - December	The person in charge of HMP visited 14 groups and talked about preparing a balanced diet, hygiene in homes, family planning, doing income generating activities.	July - September	Gikomero Shyogwe Hanika Runda Rugobagoba Gitarama	There are positive changes that are in families who are members of this programme. There are home gardens, family planning, and they are members of savings and credits associations and many more.	250,000	There is a long journey because it is difficult for those families to get food.
10	VTC of M.U in partnership with HMP	January - December	To welcome the students in this year in all options; knitting and tailoring.	January - December	-	28 students are studying, 10 in knitting and 18 in tailoring.	621000	In 28 students, only 10 pay school fees because they are sponsored by Compassion International. We also have 2 trainers among 3, the third one

								her contract ended and wasn't renewed.
11	To celebrate the day of Virgin Mary in all parishes and to allow in new members in Mother's Union.	March – November	To celebrate the day of Virgin Mary in all parishes and to allow in new members in Mother's Union.	March - December	All parishes	As we celebrate every year the Mary's day on March 25 <sup>th</sup> , Mothers' Union and leaders in those parishes. Only 6 parishes in 33 celebrated.	219,000	We wish that this day shall be celebrated in all parishes but this was not realized because of the weakness of Mothers' Union and leaders in those
14	ECBF programme	January – December	This year started well, in our 13 schools	January – December	In 13 ECBFs which are located in 6	Now children sits on mats in a	1,850,000	There are no classrooms and teachers are not paid

			pupils are studying well and received the uniforms from Embrace Rwanda. Teachers were trained and given materials. They were given cleaning materials and modern amts to sit on in classes.		parishes where HMP operates.	circle , they have a case to store school materials and they wash hands to prevent impurity		their salaries because parents didn't realize their contracts with teachers.
15	Attending different trainings	July-September	There had been trainings related to CAP Shyogwe	September	Diocese	Pastors who lead parishes where the project started were trained together with workers and we set up the strategies and how we will benefit from the project.	50,000	-
			Trainings on preparing small projects that generates income	September	Solece Ministry Kigali	We spent 2 days being trained on how to do projects that generates	14,000	-

						income which will help us to train group leaders on how to prepare the projects..		
			Trainings on poultry live stocking	September	Diocese	After donating chickens there had been trainings on how to take care of them and the basic medical care that they shall be given in case they are sick.	30,000	-
16	Participating in different meetings.	July - September	Meeting Agent of health and ECBF f teachers on the materials that were going to be granted and their management.	July	Diocese	13 agents and 14 teachers attended the meeting and promised to realize what we talked in the meeting.	130,000	-
17	To support families whose many problems	July-September	We helped poor who haven't clothes for children. We granted clothes.	July	Gikomero Gatenzi Musumba Rugobagoba	60 children were given clothes whose cost is 300.000rfs	350,000	There are many poor people compared to what we grant to them.

			We helped prisoners who haven't clothes and gave them clothes.	July	Muhanga Prison	Prisoners were given clothes which have the cost of 600,000rfs	620,000	
18	Sunday school	July	We sent 10 children in retreat at Kigali	July	PEAR	They gained different skills that they shared with other children in Sunday school.	50,000	They live in different places which is difficult to make follow up.
			We encouraged MU members to care about children in Sunday school.	September	All archdeacons	In meetings with MU presidents we talked about Sunday school and they promised to contribute.	120,000	There are parents who doesn't think that they are responsible of Sunday School.

## PROJECTS SUPPORTED BY COMPASSION INTERNATIONAL

### A. RW 721 SHYOGWE

The RW721Shyogwe is the Project supported by Compassion International. This Project is located in Mapfundo Village, Mubuga Cell, Shyogwe Sector and Muhanga District in Southern Province. The Project is belonging to Anglican Church of Rwanda, SHYOGWE Diocese, Shyogwe Parish and its offices are there. It has begun on 10 October 1995 when the Parish and its committee finished signing the agreement with Compassion International - Rwanda office.

#### **Status**

Our Project has 235 children studying in different schools and classes:

- Nursery:3
- Primary:152
- Secondary:71
- TVT:9

Our Project facilitates beneficiaries and their families to get the Health insurance, facilitates Children in health care, health screening, HIV testing, giving them school materials, school fees, feeding children in Saturday program, hygienic materials, celebrating different events (Christmas, African child day, International day of fighting against AIDS, ...) and we follow thematic group's activities of caregivers.

#### **Role in the Church and at National level**

Our Project seeks to empower the Church and community members to improve the life quality of most vulnerable families through Capacity Building, savings and credit, livelihoods, health and Child protection. We help also Children to meet together and discuss their problems in social life. When we support children, indirectly income of their families increases and they give offertory and tithes, the Church becomes stronger and she is able to fulfill her mission.

In this way we contribute to the economic and health development of the people of Rwanda through caregivers groups, when the citizens are well fed and have access to medical care, then they are capable of developing their nation. Children supported by Compassion International in their studies contribute to build country in different works area according to their qualification.

## Beneficiaries of Project

The primary beneficiary is children supported and their families. Children are classified in different age groups. The table below shows children respectively by age.

Age Group	Girls	Boys	Total number
3-5	1	2	3
6-8	5	8	13
9-11	33	32	65
12-14	44	45	89

**Prepared by UWIZEYE Immaculée, the project Director**

## RW 744 EAR GIKOMERO

The RW-744 GIKOMERO is the Project supported by Compassion International. This Project is located in NTENDERI Village, MBIRIRI Cell, NYARUSANGE Sector and MUHANGA District in Southern Province. The Project is belonging to Anglican Church of Rwanda, SHYOGWE Diocese, GIKOMERO Parish and its offices are there. It has begun on 07<sup>th</sup> March 2016 when the Parish and its committee finished signing agreement with Compassion International Rwanda office.

### Status

Our Project has today 255 children studying in different schools and classes:

- Nursery: 185
- Primary: 70

Now, our Project facilitates beneficiaries and their families to get the Health insurance, facilitate Children in health care, health screening, HIV testing, giving them school materials, school fees, feeding children in Saturday program, hygienic materials, celebrating different events (Christmas, International day of fighting against AIDS, ... ) and we follow thematic group's activities of caregivers. Below you will find some photos showing how the Project is useful to change the Economic life of beneficiaries in general and the Church in particular.

We support our beneficiary and their caregivers in 4 Components of Compassion:

- Spiritual
- Cognitive
- Social and emotional
- Physical

**In Spiritual:** We have 14 Children baptized and come in the Church from other neighbor Churches and they came with 33 Caregivers. We still have time to teach them with pastoral accompaniment. This practice comes from Christmas evangelical crusade, Saturday prayers, home visit, personal conversation and advices. We continue their follow up as new Christians.

**In Cognitive:** After paying school fees, School materials and bags, we have followed Children with school visit, home visit and Saturday personal conversation to know their knowledge Capacity in order to facilitate them. In This case, we found Children with low capacity (with fewer than 50% marks at the end of this year) we supported them with holidays coaching and we pay extra courses to let them arrive on the same level with others.

**In Socio- emotional:** We create Project Choir, Traditional dances club, Child protection Club, Mentorship program, Football team and our Project is organized so. On the side of Caregivers, we thought them about food processing. By then, we found some families with child abuse and we prepared continuous trainings on Child protection and impact is observed.

**In Physical:** By increasing the total economic transformation of families where our beneficiaries live, we organized caregivers training on different topics of generating activities. We have economically created 10 caregivers thematic groups. We followed them and do some activities with accompaniments.

With thematic caregivers groups:

- We come to construct the Project office, new Church;
- All families have been covered with health Insurance;
- All Families have small house animals.
- With their Umuganda, we came to construct 5 houses and 28 Toilets;
- The tailoring is observed;
- The honey is produced;
- Chicken is observed in every family;
- Vegetables field is observed at every family to fight against malnutrition;
- In general, 10 thematic groups have 1,587,300Frw by average 80000Frw to 200000Frw for one group of saving and micro credit.

### **Gifts**

In this Year, we have been blessed to find gifts from Children sponsors and with those gifts new family, which cannot have any house animals have been found it.

- 12 Families found 12 cows;
- 55 Goats have been bought;
- 17 pigs have been bought;
- 3 Houses have been bought;
- 3 Parcels have been bought;
- 79 chicken and other small animals have been bought.

### **Role in the Church and at National level**

Our Project seeks to empower the Church and community members to improve the life quality of most vulnerable families through Capacity Building, savings and credit, livelihoods, health, Child protection. We help also Children to meet together and discuss their problems in social life. When we support children, indirectly income of their families increases and they give offertory and tithes, the Church becomes stronger and she is able to fulfill her mission.

In this way we contribute to the economic and health development of the people of Rwanda through caregivers groups, when the citizens are well fed and have access to medical care, then they are capable of developing their nation. Children supported by Compassion International in their studies contribute to build country in different works area according to their qualification. Below you will find some caregivers' activities to support the Church and some families.

### **Status**

Our Project has today 260 children studying in different level of school from nursery to university and technical school

- Nursery: 26
- Primary: 135
- Secondary: 81
- TVT: 17
- University: 1

Now, our Project facilitates beneficiaries and their families to get the Health insurance facilitate Children in health care, health screening, HIV testing, giving them school materials, school fees, feeding children in Saturday program, hygienic materials, and we follow thematic group's activities of caregivers.

Healthy: All beneficiaries have medical insurance mutuelle de santé and other insurance (RAMA, MMI, and Mediplan).

We was distribute mosquito net to the family of beneficiary in order to reduce Malaria illness and cost used in treatment of beneficiary.

We have a refresher training of all beneficiary and caregivers about preventing malaria and others disease.

We have also exchange about other pathology of malaria and other none communicable diseases

Every child tested positive of every diseases was received adequate medicine and other curative measures.

## **SPIRITUAL**

As usual we celebrated Christmas day together with all beneficiaries ,we had a good concert with project choir, worship, preaching ,children made decision of stopping sins as they receive Jesus Christ and we took lunch together and the children really enjoyed that day and also students who did well at school and Saturday program were rewarded

### **Role in the Church and at National level**

The project provides different services to people in the church such as giving advice how materials given have to be used properly and preaching them the word of God.

It also empower parents how to take care of children as Christians. At NYAMAGANA Parish we was contribute in construction of new church through in the work of caregivers in Umuganda activities and other needed support of our level.

We continue to help beneficiaries family to improve their life condition by giving them some domestic animals there we gave 46 goats to 46 families and 2 cows to two families

The project continues to help the very poor family to empowering their capacity materials and moral in order to eradicate poverty in Jesus Names this is our motto and slogan.

We help also Children to meet together and discuss their problems in social life. When we support children, indirectly income of their families increases and they give offertory and tithes, the Church becomes stronger and it is able to fulfill its mission.

In this way we contribute to the economic and health development of the people of Rwanda through caregivers groups, when the citizens are well fed and have access to medical care, then they are capable of developing their nation. Children supported by Compassion International in their studies contribute to build country in different works area according to their qualification.

### **Beneficiaries of Project**

clothes. In addition, shoes in this quarterly. We bought goats to 13 children, one cow and land for growing crops.

Ten children of TVET was received a supplementary support for accomplish their studies the support is equal 2114500f we praise the God for this action.

**M. Rose MUTUNGIRHE, Project Director**

## RW735 EAR RUNDA

The RW735 EAR Runda project is supported by compassion international. This project is located in south province, Kamonyi District, Runda, Ruyenzi cell in Nyagacaca Village. The project is belonging to the Anglican church of Rwanda. Precisely in Shyogwe Diocese.

Runda parish and its offices are there. It has begun on 7 September 2008 when the leader of parish and committee finished to signing the agreement with the compassion international of Rwanda office.

### **Project Purpose**

The project is there as an advocacy of vulnerable children and releasing them from different extreme poverty in the name of Jesus Christ. The project achieves its vision through the four components, so that we facilitate children to grow up physically, spiritually and cognitively as well as socio- emotionally.

The project encourages the children to be Christian in focusing on God and respecting the commandment of God. The children are encouraged also to be baptized in the name of Jesus Christ and coming to Holy Communion as well as participating in different services of their own Christian Churches. The project waits to the children to be developed economically, to benefit themselves, the church, their family and their country.

When a child developed, his family developed and when they are developed through the four holistic development aspects told above, it will be spiritually and physically sustainable family.

### **Status**

Actually, our project has the 280 children are studying in different level formal Education Such as: primary, secondary and high schools

Now our Project facilitate beneficiaries and their families to hold the insurance, facilitate the children in health care, in health screening, HIV testing, providing them the school materials, school fees, feeding children in Saturday program, celebrating different celebration days such as Christmas day, International day of fighting against SIDA/HIV and we follow thematic groups' activities of parents.

## Role in the church and at National level

Our project seeks to empower the church and community member to improve the life quality of most vulnerable families through Capacity building, saving and credit, livelihood, health and child protection. We help the children to meet together in showing their talents and discussing the social life problems that they experience. We support not only the children; we encourage also their family to create the associations that help them to find the income to improve their life. In this way, we contribute to the economic and health development of Rwandans via caregivers groups. When the people are well fed and have access to medical care, then they are capable to develop their nation. Children supported by compassion international in their studies contribute to build the country in different sectors of country mean public and private sector based on their qualification and church help the family in spiritual way.

The RW735 EAR Runda supports the children who are in primary, secondary level formal Education and high schools. The table below shows the children respectively by age group.

AGE GROUP	BOYS	GIRLS	TOTAL
3-5			
6-8	3	2	5
9-11	13	16	29
12-14	45	59	104
15-18	64	71	135
19-22	5	2	7

### **Realized activities**

All activities that we planned were realized such as to relief the pupils to find the school fees, clothes the materials of hygienic and so on. You will see the attached planned and realized activities.

### **GENERAL CONCLUSION**

At the end of this report, I am grateful to our Bishop, diocesan staff, schools, projects and health centers Directors who carry out the Lord's work and minister to the varied needs of our people. I would like also to express my gratitude to different partners who supported the Diocese in accomplishing different projects. I hope when they will read this report, they will see how their gifts and prayerful support are making a real difference and bringing the merciful love of the Father to the lives of so many.

**God bless you.**

**Rev Joseph SEHORANA**
